Table Of Contents

Module: Observe Your World

MODULE PLANNING RESOURCES

Three-Dimensional Learning 2A
Building to the Performance Expectations 2B
Module Planner 2C
Connect to Modules: Morning Messages 2D
Discovery Centers 2
Discover the Phenomenon 3

Lesson 1: Observe and Describe Materials

Lesson Opener 4
Investigate the Phenomenon 5
Inquiry Activity: Hands On Describe Materials 6–7

Lesson 2: Measure Objects

Lesson Opener 8
Investigate the Phenomenon 9
Inquiry Activity: Hands On Measurement 10–11

Lesson 3: Observe and Describe Changes

Lesson Opener 12
Investigate the Phenomenon 13
Inquiry Activity: Hands On Mixing Paint 14–15

Learn More: Write About Change 16
STEM Module Project: Build a Tower 16–17
Module Wrap-Up 17

Module: Ask and Answer Questions

MODULE PLANNING RESOURCES

Three-Dimensional Learning 18A
Building to the Performance Expectations 18B
Module Planner 18C
Connect to Modules: Morning Messages 18D
Discovery Centers 18
Discover the Phenomenon 19

Lesson 1: Ask Questions

Lesson Opener 20
Investigate the Phenomenon 21
Inquiry Activity: Hands On Predict Objects 22–23

Lesson 2: Collect Data

Lesson Opener 24
Investigate the Phenomenon 25
Inquiry Activity: Hands On Sort Buttons 26–27

Lesson 3: Communication

Lesson Opener 28
Investigate the Phenomenon 29
Inquiry Activity: Hands On Explaining Evidence 30–31

Lesson 4: Solve Problems

Lesson Opener 32
Investigate the Phenomenon 33
Inquiry Activity: Hands On Design a Crayon Holder 34–35

Learn More: Use Magnets to Solve Problems 36
STEM Module Project: Build a Table for a Book 36–37
Module Wrap-Up 37

Table Of Contents

Module: People

MODULE PLANNING RESOURCES

Three-Dimensional Learning 38A
Building to the Performance Expectations 38B
Module Planner 38C
Connect to Modules: Morning Messages 38D
Discovery Centers 38
Discover the Phenomenon 39

Lesson 1: Needs of People

Lesson Opener 40
Investigate the Phenomenon 41
Inquiry Activity: Hands On Your Needs 42–43

Lesson 2: People Grow and Change

Lesson Opener 44
Investigate the Phenomenon 45
Inquiry Activity: Hands On Young and Old 46–47

Lesson 3: Our Bodies

Lesson Opener 48
Investigate the Phenomenon 49
Inquiry Activity: Hands On Moving Body Parts 50–51

Learn More: Make a People Collage 52
STEM Module Project: Model People 52–53
Module Wrap-Up 53

Module: Plants

MODULE PLANNING RESOURCES

Three-Dimensional Learning 54A
Building to the Performance Expectations 54B
Module Planner 54C
Connect to Modules: Morning Messages 54D
Discovery Centers 54
Discover the Phenomenon 55

Lesson 1: Living and Nonliving Things

Lesson Opener 56
Investigate the Phenomenon 57
Inquiry Activity: Hands On Living and Nonliving Things at School 58–59

Lesson 2: Needs of Plants

Lesson Opener 60
Investigate the Phenomenon 61
Inquiry Activity: Hands On Observe Plants 62–63

Lesson 3: Plants Grow and Change

Lesson Opener 64
Investigate the Phenomenon 65
Inquiry Activity: Hands On Plants Growing 66–67

Lesson 4: Plant Characteristics

Lesson Opener 68
Investigate the Phenomenon 69
Inquiry Activity: Hands On Parts of Plants 70–71

Learn More: Make Your State Flower 72
STEM Module Project: Mimic a Plant 72–73
Module Wrap-Up 73

Table Of Contents

Module: Animals

MODULE PLANNING RESOURCES

Three-Dimensional Learning 74A
Building to the Performance Expectations 74B
Module Planner 74C
Connect to Modules: Morning Messages 74D
Discovery Centers 74
Discover the Phenomenon 75

Lesson 1: Needs of Animals

Lesson Opener 76
Investigate the Phenomenon 77
Inquiry Activity: Hands On What Do Animals Need? 78–79

Lesson 2: Animals Grow and Change

Lesson Opener 80
Investigate the Phenomenon 81
Inquiry Activity: Hands On Animals Grow 82–83

Lesson 3: Animal Characteristics

Lesson Opener 84
Investigate the Phenomenon 85
Inquiry Activity: Hands On Describe Animals 86–87

Learn More: Animal Art 88
STEM Module Project: Make a Bird Feeder 88–89
Module Wrap-Up 89

Module: Habitats

MODULE PLANNING RESOURCES

Three-Dimensional Learning 90A
Building to the Performance Expectations 90B
Module Planner 90C
Connect to Modules: Morning Messages 90D
Discovery Centers 90
Discover the Phenomenon 91

Lesson 1: Forest Habitats

Lesson Opener 92
Investigate the Phenomenon 93
Inquiry Activity: Hands On Make a Forest Poster 94–95

Lesson 2: Desert Habitats

Lesson Opener 96
Investigate the Phenomenon 97
Inquiry Activity: Hands On Make a Desert Poster 98–99

Lesson 3: Pond Habitats

Lesson Opener 100
Investigate the Phenomenon 101
Inquiry Activity: Hands On Make a Pond Poster 102–103

Lesson 4: Common Characteristics of Habitats

Lesson Opener 104
Investigate the Phenomenon 105
Inquiry Activity: Hands On Compare Habitats 106–107

Learn More: Connect to the Environment 108
STEM Module Project: Make a Habitat Diorama 108–109
Module Wrap-Up 109

Table Of Contents

Module: Motion

MODULE PLANNING RESOURCES

Three-Dimensional Learning 110A
Building to the Performance Expectations 110B
Module Planner 110C
Connect to Modules: Morning Messages 110D
Discovery Centers 110
Discover the Phenomenon 111

Lesson 1: Ways Objects Move

Lesson Opener 112
Investigate the Phenomenon 113
Inquiry Activity: Hands On Moving Objects 114–115

Lesson 2: Push and Pull

Lesson Opener 116
Investigate the Phenomenon 117
Inquiry Activity: Hands On Push and Pull Objects 118–119

Lesson 3: Speed and Direction

Lesson Opener 120
Investigate the Phenomenon 121
Inquiry Activity: Hands On Changing Speed and Direction 122–123

Learn More: Connect to Music 124
STEM Module Project: Change the Motion 124–125
Module Wrap-Up 125

Module: Weather and Seasons

MODULE PLANNING RESOURCES

Three-Dimensional Learning 126A
Building to the Performance Expectations 126B
Module Planner 126C
Connect to Modules: Morning Messages 126D
Discovery Centers 126
Discover the Phenomenon 127

Lesson 1: Objects in the Sky

Lesson Opener 128
Investigate the Phenomenon 129
Inquiry Activity: Hands On Day and Night Sky 130–131

Lesson 2: Weather

Lesson Opener 132
Investigate the Phenomenon 133
Inquiry Activity: Hands On Observe Weather 134–135

Lesson 3: Fall and Winter

Lesson Opener 136
Investigate the Phenomenon 137
Inquiry Activity: Hands On Weather in Fall and Winter 138–139

Lesson 4: Spring and Summer

Lesson Opener 140
Investigate the Phenomenon 141
Inquiry Activity: Hands On Weather in Spring and Summer 142–143

Learn More: Act Out the Seasons 144
STEM Module Project: Design a Shelter 144–145
Module Wrap-Up 145

Module: Earth

MODULE PLANNING RESOURCES

Three-Dimensional Learning 146A
Building to the Performance Expectations 146B
Module Planner 146C
Connect to Modules: Morning Messages 146D
Discovery Centers 146
Discover the Phenomenon 147

Lesson 1: Earth's Materials

Lesson Opener 148
Investigate the Phenomenon 149
Inquiry Activity: Hands On Observe Earth's Materials 150–151

Lesson 2: Landforms

Lesson Opener 152
Investigate the Phenomenon 153
Inquiry Activity: Hands On Describe Land and Water 154–155

Lesson 3: The Sun's Effect on Earth

Lesson Opener 156
Investigate the Phenomenon 157
Inquiry Activity: Hands On The Sun's Light and Heat 158–159

Lesson 4: Care for the Environment

Lesson Opener 160
Investigate the Phenomenon 161
Inquiry Activity: Hands On Reduce, Reuse, Recycle 162–163

Learn More: Help the Environment 164
STEM Module Project: Design a Sun Shade 164–165
Module Wrap-Up 165
