Detailed List of New Features

In its tenth edition, PHILOSOPHY: THE POWER OF IDEAS, offers a comprehensive overview of the main divisions of Western Philosophy, Eastern Influences, Feminist Philosophy and Postcolonial Thought. From Thales to philosophical issues in quantum mechanics, from the problem of free will to the ethics of giving, from Analytic Philosophy to Continental philosophy, the book provides clear and engaging introductions to even the most difficult philosophical concepts, and includes selected primary readings from many of the most important thinkers of all time. By reading this book, readers will gain insight into virtually every aspect of philosophical thought throughout the ages.

Digital

• **Connect®—**The Connect Suite effectively engages students in the course so they are better prepared for class, more active in discussion, and achieve better results. Its innovative and adaptive technology addresses a wide variety of student and instructor needs with a rich database of assignable and assessable activities, each attached to learning objectives. Connect, part of the Connect suite, is a web-based assignment and assessment platform that features a number of powerful tools that make managing assignments easier for instructors and learning and studying more engaging and efficient for students.

• **Connect Insight ™—**As part of the Connect Suite, Insight™ puts real-time analytics in your hands so you can take action early and keep struggling students from falling behind. Designed for your tablet or desktop computer, Insight is a series of visual displays providing at-a-glance information regarding how your section, students, and assignments are doing.

• **SmartBook**—As part of the Connect Suite, SmartBook is the first and only adaptive reading and learning experience that changes the way students read. It creates a personalized, interactive reading environment like no other by highlighting important concepts, while helping students identify their strengths and weaknesses. This ensures that he or she is focused on the content needed to close specific knowledge gaps, while it simultaneously promotes long term learning.

• **LearnSmart**—As part of the Connect Suite, LearnSmart is an adaptive learning program designed to help students learn faster, study smarter, and retain more knowledge for greater success. Millions of students have answered billions of questions in LearnSmart, making it the most widely used tool that's proven to strengthen memory recall, retain student attendance, and boost grades.
