How AI is Reshaping Learning
Jeff Matayoshi

Hear from Jeff Matayoshi, Principle Applied Research Scientist at McGraw Hill, and explore how AI is actively transforming the learning experience and how ALEKS is evolving in step. From uncovering patterns in data to streamline assessments to launching innovations that improve student learning, discover how real advancements in AI are driving results.

Ask an Implementation Manager
Welcome Susan Piroth!

Q: *I need to adjust a few of my students' scores in the gradebook, how can I do that?*

Read Susan's answer **here**.

Support at Every Step

As you're getting back into the swing of things, don't forget to utilize our library of ALEKS **instructor support** resources on Support at Every Step! Not only will you find helpful resources for yourself, but there's also a **student support** page. Your students can utilize this if they come across any questions as they're getting started in ALEKS!

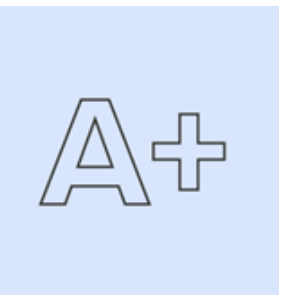

Expert Hacks
Pro Tips from an ALEKS Digital Faculty Consultant

Hear how Andrew Kennon uses Knowledge Checks in ALEKS to identify where his students are struggling and how he uses that information to structure his lectures.
