ALEKS for Calculus: Building on a Legacy of Student Success
Andrew Rast

For over 25 years, ALEKS has harnessed the power of artificial intelligence to help millions of students build true understanding and confidence—and now, we're bringing that legacy to Calculus. Discover how ALEKS for Calculus empowers every student to think deeply, connect ideas, and confidently tackle even the most challenging concepts.

Ask an Implementation Manager
Welcome Josef Torres!

Q: *Is there an easy way to duplicate a course I've already set up in ALEKS? I've heard something about Evergreen—how does that factor in?*

Read Josef's answer **here**.

ALEKS Webinars

Stay in the loop on all upcoming ALEKS webinars! Use **this link** to see what live webinars are coming soon. While you're there, make sure to check out the **on-demand webinars** to catch up on any you missed or find one you want to share with a colleague!

Expert Hacks

Pro Tips from an ALEKS Digital Faculty Consultant

Dr. Hadi Arman shares how he uses the ALEKS Pie Report to help him prepare his lectures for class.

Watch the clip **here**!

Extra Credit—links our team enjoyed this month:

- Take a break from grading those final exams and check out this **up-to-date guide** of every new holiday movie, scripted show, and special airing through December 25!
- Is anyone else looking for a good book to read? This list of **books published in December 2025** might help you find what you're looking for!
- Watch this **AI and the Future of Microsoft** webinar. Dr. Frank Sorokach of Penn State University explores how AI is transforming Microsoft 365. From intelligent automation to enhanced collaboration, discover how these innovations will impact users and reshape the way we teach, learn, and work in digital environments.
- Thinking about taking a trip during your holiday break? If you need some ideas, check out this list of **27 Best Places to Visit in the USA in December!**
- **Promoting Equitable Placement with ALEKS PPL** webinar! Learn how John Hansen redesigned Math Placement with ALEKS PPL in 2015 and continues to see success supporting students across the math curriculum.

Talk to you soon!
