

## **TADDY, Modern Business Analytics: Practical Data Science for Decision-Making, 1, 1264071671**

### **Our Commitment to Accessibility**

Creating accessible products is a priority for McGraw-Hill Education. We have put in place processes to make accessibility and meeting the WCAG AA guidelines part of our day-to-day development efforts and product roadmaps. We measure and track our progress to ensure we continually make improvements to address the evolving industry standards and to meet our learners' accessibility needs. VPATS are available upon request. Our audits and VPATS are completed by a third party.

### **Testing Process**

We are committed to testing with users with different ranges of abilities and disabilities to ensure the usability and accessibility of our products.

A series of tests are conducted to ensure our compliance with the WCAG AA guidelines. Baseline assessments are completed, using a third-party vendor, to uncover gaps and inform a remediation roadmap. As new features are developed, an accessibility-specific success criterion is defined and all new work is tested to ensure it complies with the criteria prior to release. As these products continue to grow and the accessible feature set expands, semi-regular assessments will be completed by an external vendor to ensure continued compliance with the WCAG guidelines.

## Connect Platform

This report reflects the accessibility level of the content available within our Connect platform as it relates to specific title.

### Content

Alternative Text Files: We provide electronic files for use by students with disabilities. In order to send a file, we require a written request from the disability services center of your school. Requests can be submitted via Access Text Network at [www.accesstext.org](http://www.accesstext.org) or submitted directly to McGraw-Hill Education. To submit to McGraw-Hill, please email us at [mhe-permissions@mheducation.com](mailto:mhe-permissions@mheducation.com) or fax the request to 646-766-2019.

Many of our titles have alt descriptions of images available in a separate document provided to the DSS office. To request this file, please contact us at [accessibility@mheducation.com](mailto:accessibility@mheducation.com).

McGraw-Hill Education is actively working on developing more accessible assessment experiences. While some of our interactive assessment questions are not yet accessible to users of assistive technology, we continue to make improvements with each platform release.

| Content Feature  | Definitions   | Status & Alternatives  |
|--|---|--|
| eBook is operable without a mouse (keyboard navigable) and can be accessed using alternative output devices. | <i>Can the user navigate through the eBook and any link embedded using keyboard navigation and/or assistive technology?</i> | <p>The ReadAnywhere App has undergone multiple audits covering the major features resulting in both ReadAnywhere iOS and Android apps having a WCAG 2.0 AA VPAT certificate. Completed in 2017 and verified in 2018, the VPAT certifies both the reading experience and the SmartBook assignment as WCAG AA compliant. Audits are planned for 2022 to ensure continual improvement and compliance with WCAG standards. SmartBook 2.0 provides a student experience that includes color contrast, descriptions for images, keyboard navigation, and screen reader support. Work is ongoing to improve the user experience for all users. A VPAT for the WCAG 2.0 AA standards is available upon request as well as an updated Accessibility Conformance Report reflecting recent updates. SmartBook 2.0 will have a forthcoming independent audit to the WCAG 2.1 AA standards &amp; a new VPAT in early 2022.</p> <p>The McGraw Hill eBook was built with accessibility in mind. An independent audit resulted in zero “does not supports” for WCAG criteria for the desktop version as well as the app versions (iOS &amp; Android). All versions now support multimedia content interactions such as closed captioning for embedded videos and appropriate descriptions for audio, video &amp; captions. Recent upgrades ensure that users can maintain logical &amp; consistent focus order in menu interactions; that the highlight tool is color-compliant; and that users will not encounter any keyboard traps. Additional remediation will continue in 2022.</p> |

|  |  |   |
|--|--|---|
| eBook images have alternative descriptions/alternative text                  | <i>Are the alt descriptions embedded in the eBook? Can a screen reader access the images?</i>  | Alt descriptions are embedded within the eBook. Students using some forms of assistive technology may find it difficult to navigate to some of the content, due to the constraints of the technologies available. A file containing the alt descriptions can be supplied upon request. To request, please contact us at <a href="mailto:accessibility@mheducation.com">accessibility@mheducation.com</a>  |
| Videos are closed captioned and/or transcripts are available                 | <i>Are videos and the transcripts able to be delivered outside of Connect and provided to DSS offices?</i>                                       | Videos are not offered with this title.   |
| Assessments can be accessed using alternative output devices (screen reader) | <i>Are assessments keyboard navigable? Do images have alt descriptions? Can they be accessed within the platform using assistive technology?</i> | Connect Assessment is the question bank assignment experience inside of the Connect platform used for a wide range of summative assessments including practice, homework, quizzes, and exams. Connect Assessment is WCAG 2.1 AA Compliant with 48 Supports and 2 Partially Supports ratings for the following 18 question types:<br>Multiple Choice, True/False, Yes/No, Check All that Apply, Fill-in-Blank, Numeric Response, Essay, and most Short Answer<br>Ranking/Ordering Matching<br>Excel data files are Excel templates or data linked to a problem that students can use if they want to – not required – when solving the problem.<br>Problem algo, problem static : Some of the questions will be accessible to screen reader users. In order to provide the best user experience for all students, we recommend instructors utilize the accessibility filter when building their course from content through the Connect question picker. |
| Application Based Activities ABA's)  | <i>Are assessments keyboard navigable? Do images have alt descriptions? Can they be accessed within the platform using assistive technology?</i> | Application Based Activities (ABA) are not available with this title.   |
| Adaptive Learning Assignment   | <i>Are assessments keyboard navigable? Do images have alt descriptions? Can they be accessed within the platform using assistive technology?</i> | ALA (Adaptive Learning Assignment) is not available with this title.  |
| Writing Assignment   |  | Writing assignment is not available with this title.  |

|  |  |   |
|--|--|---|
| PowerPoints can be accessed using alternative output devices (screen reader) | <i>Images contain alt descriptions and there is a logical reading order.</i> | PPT's have been prepared to be compliant with WCAG Level AA guidelines. |
| Additional Resources   |  | None are available with this title.                                     |
| Additional Comments  |  |   |

We are committed to working with our education partners as we progress in our accessibility efforts. In the event that alternative content formats are required, we will evaluate the options and, when possible, provide as needed.
