Canvas LTI Advantage Integration – Instructor Workflow – New Connect Experience

Before you begin, please have your existing Connect® section ready.
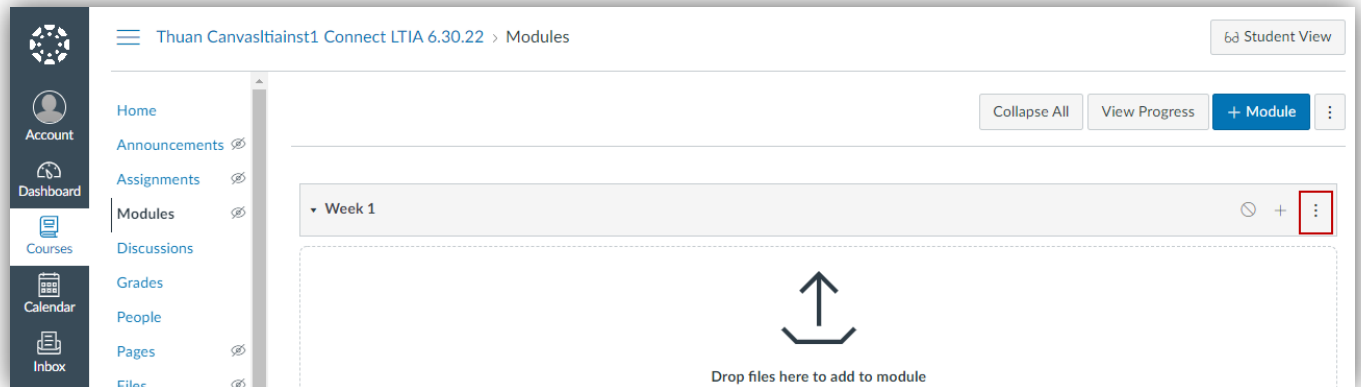

Prepare your Existing Canvas Section

1. Log in to Canvas and navigate to your course.
2. Open the **Assignments** area.
3. Individually delete each existing Connect assignment link.
   a. NOTE: Please be sure to check every folder for Connect assignment links. Any links not deleted will no longer work when the course is paired via LTI Advantage.

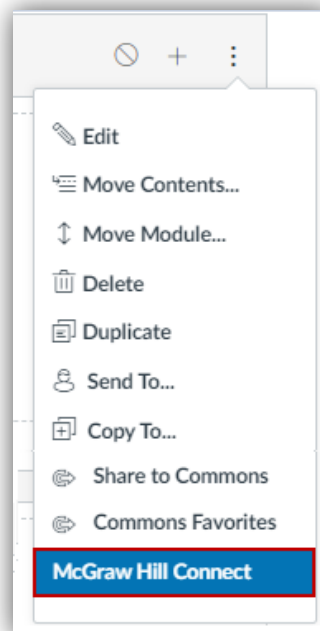

4. Open **Grades**.
5. Delete any remaining Connect assignment links and gradebook columns in your Canvas course.

# Pair with Existing Connect Account and Existing Section

1. Login to Canvas

2. Go into **Modules** in the left navigation and click on the 3 dots for the module you want to deploy the assignment(s) to

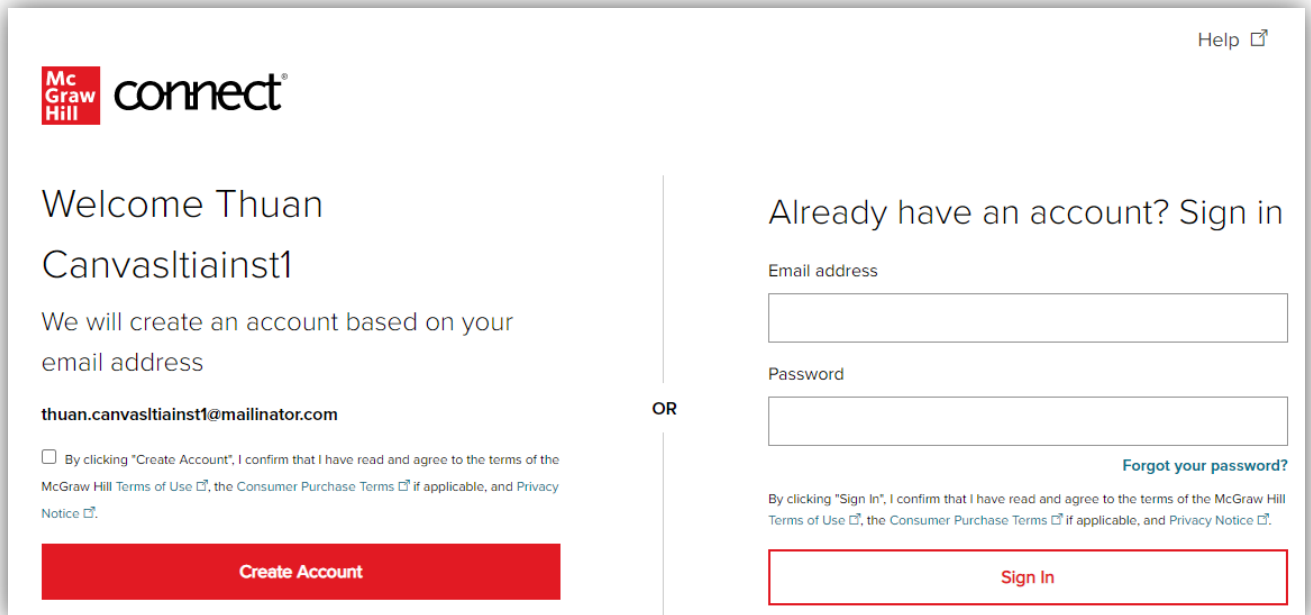

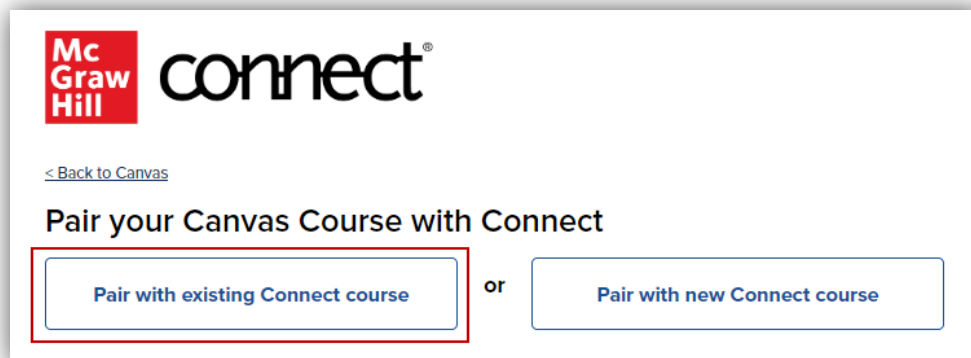

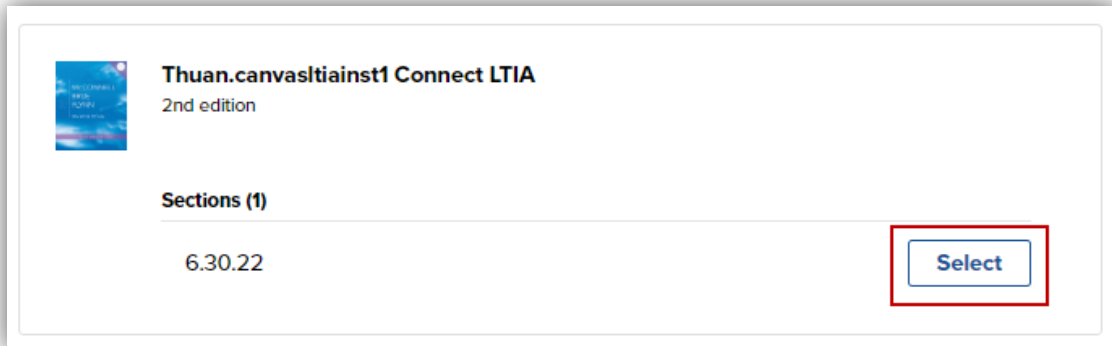

3. Select **McGraw Hill Connect**

4. Click **Begin**

Let's get started by registering and pairing your class with Connect.

You'll only have to pair your class once.

Begin

5. Log into your Connect account

6. Click **Pair with existing Connect course**

< Back to Canvas

**Pair your Canvas Course with Connect**

**Pair with existing Connect course** or **Pair with new Connect course**

7. Locate the Connect section you want to pair with and click **Select**

8. Click **Go to Section Home**

NOTE: The following steps require the New Connect Experience to be enabled. If you have not yet enabled the New Experience, you will need to toggle it on in your Connect section.

9. Go to the **Assignments** tab or click **All assignments**.

☑ 📄 SmartBook Chapter 1   Start - Due   Points   Student progress
                                      10/27/22 - 11/30/22 50   0 0 0   ⋮

11. Click the **stack** icon and select **Deploy/manage**.

12. You can set the grade type in bulk or individually. Click the **Deploy** button when done.

13. The assignments that were deploy should show up under the module that you started from and Assignments area in Canvas. Click on the dots to the left of the assignment to rearrange the order as needed and then **Publish** the assignment. A gradebook column is automatically created for each assignment in the course.
