

Create Connect Question Bank Assignments: Select Content

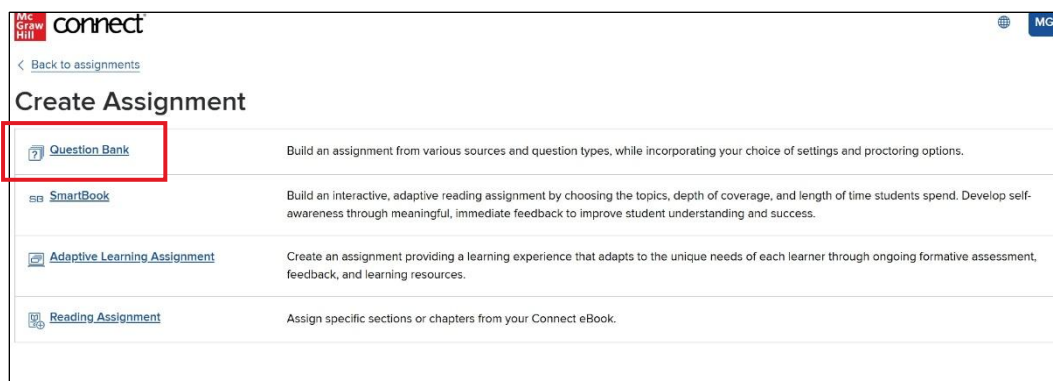

Step 1: Create Assignment

To get started, please click **Create Assignment** from your section home.

Step 2: Select Question Bank

Question Bank assignments allow you to select individual questions to assign as homework, practice quizzes, or exams. Build an assignment from various sources and question types, while incorporating your choice of settings and proctoring options.

Step 3: Question Source

Select the appropriate chapter or content and then select the source within that chapter.

Assignment Filtering

You can filter by question type, difficulty level, learning objective, topic, and more. Use the most current and up to date content by using the Evergreen release filters to identify new and updated content with the latest Evergreen release. Your filter options will vary by course. When filters are applied, filtered questions will populate on left.
