

## SECTION DASHBOARD: ASSIGNMENT OVERVIEW WIDGET

Video: [CLICK TO VIEW](#)

The Section Dashboard Assignment Overview widget displays the five most recently created assignments and surfaces certain assignment data and student progress. To the left of the assignment names, you'll see an icon indicating the type of assignment it is.

Below the assignment names, you'll see color-coded labels depending on the policy settings, including whether the assignment is hidden from students, shared with a colleague, or proctored. Under these labels are the start date and due date you've set for each assignment. The point value is listed in the middle, along with whether the assignment is manually graded.

Assignment Name	Icon	Label	Start - Due	Points	Student progress
SB2.0 Chapter 1	📄	Hidden	10/31/22 - 11/4/22	0	10 0 0
Unit 1 Review	📄	Hidden	6/7/22 - None	10	10 0 0
Unit 2 Review	📄	Hidden Shared	6/7/22 - None	20	10 0 0
Unit 1 Review	📄	Hidden Shared Proctored	6/7/22 - None	20	10 0 0
Memory Review	📄		5/6/22 - 6/1/22	30	9 0 1

To the right, under student progress, the color-coded boxes show the number of students at each stage of the completion process. Red shows how many have not yet started, blue shows the number in progress, and green is the number of students who have completed it. Clicking on one of the boxes will show the first ten students at that completion stage.

Assignment overview sorted by: most recently created ⓘ All assignments

Assignment Name	Icon	Label	Start - Due	Points	Student progress
SB2.0 Chapter 1	📄	Hidden	10/31/22 - 11/4/22	0	10 0 0
Unit 1 Review	📄	Hidden	6/7/22 - None	10	10 0 0
Unit 2 Review	📄	Shared	6/7/22 - None	10	10 0 0
Unit 1 Review	📄	Shared	6/7/22 - None	10	10 0 0
Memory Review	📄		5/6/22 - 6/1/22	30	9 0 1
