

Integrating McGraw Hill Connect New UX (LTIA) with Moodle

Learn how to seamlessly link your McGraw Hill Connect course materials to a Moodle environment. This guide covers the entire process from initial account setup to deploying assignments directly into your course curriculum.

Locating the McGraw Hill LTIA (1.3) Integration in Moodle

Step 1: Navigate to Your Moodle Course

Open your Moodle course.

connect[®]

Step 2: Turn On Edit Mode

Turn on **Edit mode** in the upper right corner.

The screenshot displays the McGraw Hill Moodle interface. At the top left, the text 'McGrawHillMoodleDemo4.5.4' is visible, followed by navigation links: 'Home', 'Dashboard', and 'My courses'. In the top right corner, there is a user profile icon labeled 'YN' and an 'Edit mode' toggle switch, which is highlighted with a red rectangle. The main content area is titled 'McGraw Hill Test Course' and includes sub-tabs: 'Course', 'Settings', 'Participants', 'Grades', 'Reports', and 'More'. The left sidebar contains a menu with 'General' (expanded) and 'McGraw Hill Connect Assignm...'. The main content area shows two expandable sections: 'General' (with a 'Collapse all' link) and 'McGraw Hill Connect Assignments'. A help icon (?) is located in the bottom right corner.

Step 3: Add an Activity or Resource

Click **Add an activity or resource** within your topic area.

Note: The topic area you launch McGraw Hill from determines where your assignment links are initially created.

The screenshot shows the Moodle interface for a course titled "McGraw Hill Test Course". The top navigation bar includes "McGrawHillMoodleDemo4.5.4", "Home", "Dashboard", and "My courses". On the right, there are notification icons, a user profile "YN", and an "Edit mode" toggle switch.

The left sidebar contains a menu with "General" and "McGraw Hill Connect Assignm...". The main content area has a sub-header "McGraw Hill Test Course" with a "Bulk actions" link. Below this is a tabbed interface with "Course", "Settings", "Participants", "Grades", "Reports", and "More".

The "Course" tab is active, showing two expandable sections:

- General**: Contains an "Announcements" link and a blue button labeled "+ Add an activity or resource".
- McGraw Hill Connect Assignments**: Contains a blue button labeled "+ Add an activity or resource", which is highlighted with a red rectangular box.

At the bottom of the main content area, there is a dashed box with a blue button labeled "+ Add section". A help icon (?) is located in the bottom right corner of the page.

Step 4: Select the McGraw Hill Integration

Click the **McGraw Hill** integration activity tile.

Step 5: Select Content

Click **Select content**.

Note: Do not enter an Activity Name (leave this blank). Connect automatically populates the activity name when deploying your assignments to Moodle.

The screenshot shows the McGraw Hill Moodle interface for a course titled "McGraw Hill Test Course". The top navigation bar includes "Home", "Dashboard", and "My courses". The left sidebar shows a menu with "General" and "McGraw Hill Connect Assignm...". The main content area is titled "New External tool" and includes a "Select content" button highlighted with a red box. Below this, there are fields for "Activity name" and "Activity description". The "Activity description" field is a rich text editor with a toolbar and a "0 words" indicator. At the bottom, there are sections for "Grade", "Common module settings", and "Restrict access".

connect[®]

Step 6: Select Connect

Click **Select** for Connect if Moodle prompts you to choose a McGraw Hill platform.

McGraw Hill Connect Test Course

Welcome to McGraw Hill

Select the McGraw Hill platform that you would like paired with your course.

Platforms

connect[®]

Connect

Engage students with Connect, a complete course platform to streamline prep, surface insights, and link learning to the real world with unmatched support

Select

sharpen.

Sharpen

Sharpen Advantage is the responsible, AI-powered academic success app that students love and institutions trust.

Select

SIMnet[®]

SIMnet

SIMnet is a training and assessment platform for developing students' skills in Microsoft 365 applications and computer concepts.

Select

Virtual Labs

Virtual Labs

Improve comprehension and confidence in the sciences with interactive simulations. (If already using Connect, Virtual Labs must be assigned there).

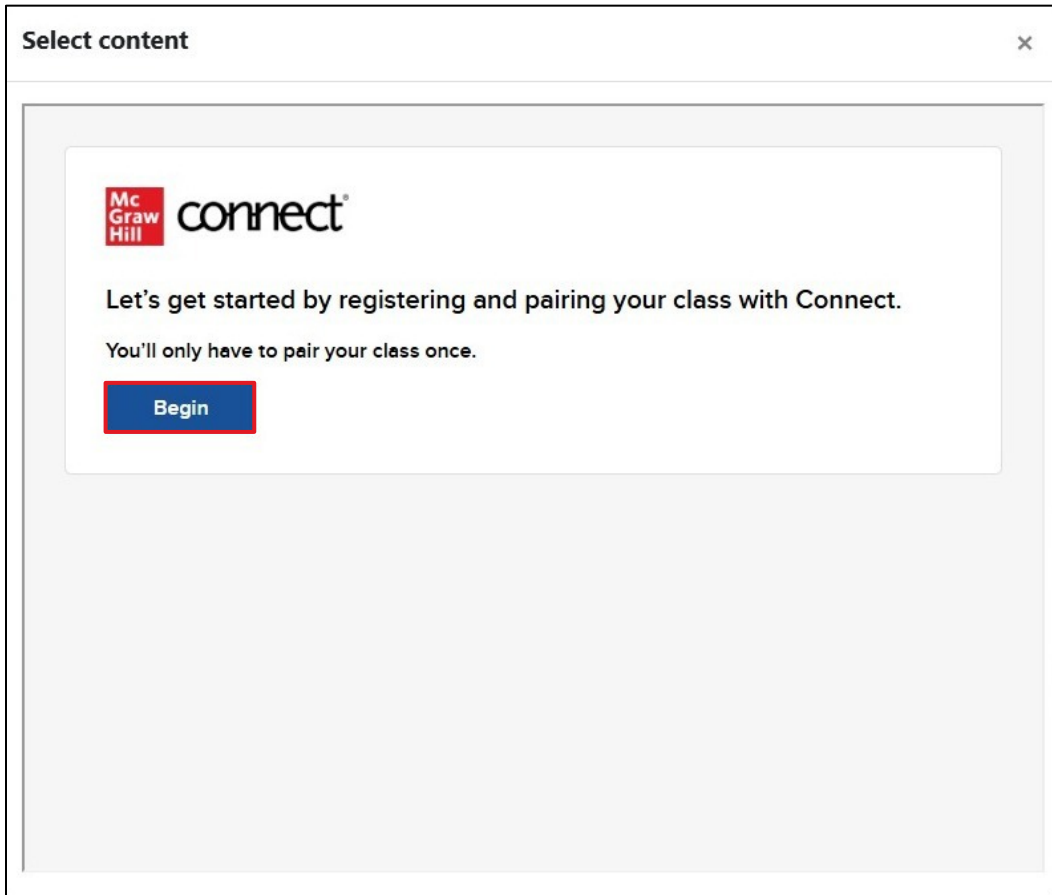

Select

connect[®]

Step 7: Begin the Pairing Process

Click **Begin** to establish your user pairing and course pairing.

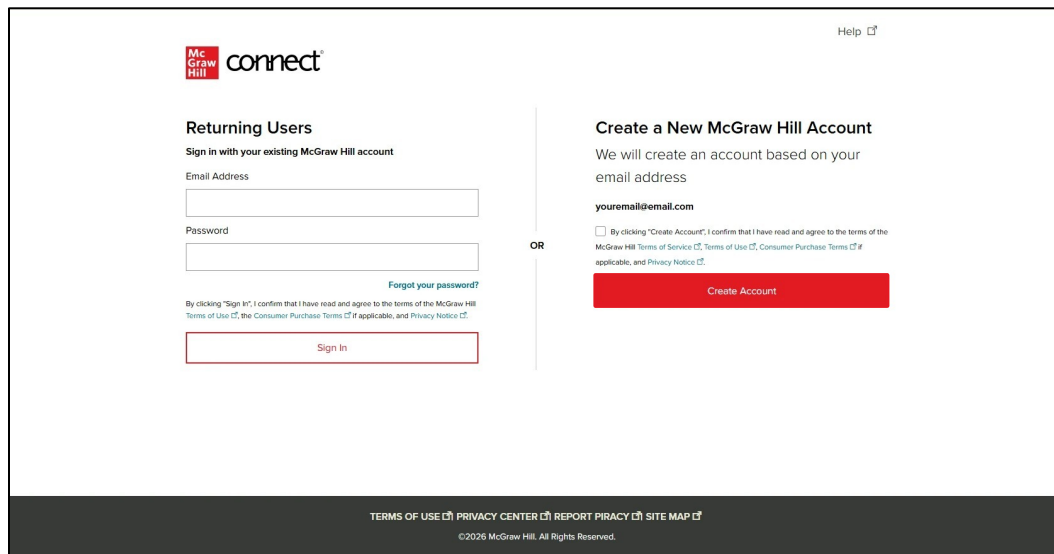

Establishing Your User Pairing (Single Sign-On)

Step 8: Create or Sign In to Your Account

If you're a new user, click **Create Account** on the right side of the page.

If you're a returning user, or you use a different email address in Connect than in Moodle, use the left side of the page to **Sign In** instead.

The screenshot shows the McGraw Hill Connect login and account creation interface. At the top left is the McGraw Hill Connect logo, and at the top right is a "Help" link with an external icon. The page is divided into two main sections by a vertical line, with "OR" centered between them.

At the bottom of the page, there is a dark gray footer bar containing the following links: [TERMS OF USE](#), [PRIVACY CENTER](#), [REPORT PIRACY](#), and [SITE MAP](#). Below these links is the copyright notice: ©2026 McGraw Hill. All Rights Reserved.

Pairing with an Existing Connect Course

Step 9: Pair with an Existing Connect Course

Click **Pair with existing Connect course**.

A screenshot of the McGraw Hill Connect interface for pairing a Moodle course. The page features the McGraw Hill Connect logo at the top left. Below the logo is a link that says "< Back to Moodle". The main heading is "Pair your Moodle Course with Connect". There are two buttons: "Pair with existing Connect course" (highlighted with a red border) and "Pair with new Connect course" (outlined in blue). The word "or" is placed between the two buttons. At the bottom left, there is a copyright notice: "© 2026 McGraw Hill. All Rights Reserved." At the bottom right, there are links for "Terms of Use", "Privacy Center", "Accessibility", and "Report Privacy".

connect®

Step 11: Go to Your Section Home

Click **Go to Section Home >**.

You have paired your Moodle course with Connect!

McGraw Hill Test Course

< Back to Moodle

Moodle Test Section

Go to Section Home >

Next steps for the Moodle course you just paired:

Create assignment links

- If you don't have any Connect assignment links in your Moodle course and you would like to insert them for student access/grade sync: [INSTRUCTIONS/VIDEO](#)
- If you don't want Connect assignment links with automatically-generated gradebook columns in your Moodle course, you are done!

Paired to the wrong section?

Did you just pair this Moodle section to the wrong Connect section?

Unpair Now

Deploying Your Connect Assignments

Tip! Be sure not to have any other McGraw Hill Connect tab or window open in your browser when you deploy new assignments, as this can result in your assignments being placed in a pending state.

Step 12: Open Assignment Actions

Click **Assignment Actions**.

The screenshot shows the McGraw Hill Connect interface for a Moodle Test Course. The main heading is "Manage Assignments". A red box highlights the "Assignment Actions" dropdown menu. Other visible elements include the "Create Assignment" button, "Upload Syllabus" button, "Student View" button, and a "Student progress" section showing "Not started", "In progress", and "Completed" counts. The footer contains copyright information and various links.

Step 13: Deploy to Moodle

Click **Deploy to Moodle**.

The screenshot shows the McGraw Hill Connect interface for a Moodle Test Course. The main heading is "Manage Assignments". On the left, there is a sidebar with various course management options: "Release Details", "Release Notes", "Section Pairing Info", "Change Section", "Manage Assignments" (selected), "Student Roster", "Manage Instructors", "Course Materials", "Instructor Resources", "Media", "View Reports", "Launch Test Builder", and "AI Feature Settings". The "Manage Assignments" section includes a "Create Assignment" button, "Upload Syllabus", and "Student View" buttons. Below these, there is a table of assignments. The first assignment is highlighted, and its "Assignment Actions" dropdown menu is open, showing options: "Deploy to Moodle" (highlighted with a red box), "Manage assignment dates", "Give assignment extensions", "Hide assignments", "Share assignments", and "Delete assignments". To the right of the table, there is a "Student progress" section showing a progress bar with "Not started", "In progress", and "Completed" status.

Assignment	Points
Assignment 1	100.00

Step 14: Select Assignments and Grade Type

Select the assignments you want to deploy to Moodle, and adjust the **Grade Type** (Best, Last, or Average) as needed.

The screenshot shows the McGraw Hill Connect interface with a 'Bulk Deploy Assignments' modal open. The modal has a 'Grade Type' section with radio buttons for 'Best' (selected), 'Last', and 'Average'. Below this is an 'Assignments' section with a checkbox for 'Select All (1 assignment)' and a list of assignments. The list includes 'Homework 1' with details: Start Date: August 24, 2026, Due Date: September 5, 2026, Points: 100.00, and Grade Type: None. The modal has 'Cancel' and 'Deploy' buttons at the bottom.
