Deploy Assignments

After pairing your course, you can deploy Connect assignments to your LMS.

Important: To deploy assignments, you need to have assignments already created in Connect. The deployment interface does not allow you to create new assignments.

The deployment page

On the deployment page, you'll see all your Connect assignments for the paired section. From here you can:

- Filter to view only undeployed assignments
- See which assignments are hidden or unassigned (these cannot be deployed)
- Check how many assignments within each folder have been deployed (deployed assignments display a badge)

To deploy

1. Select the assignments you want to deploy
2. Choose your grade settings
3. Click **Deploy**

You'll receive a confirmation notification when deployment is complete.

McGraw Hill will be performing maintenance on Saturday, March 7th, 2026 from 6:00 a.m. to 8:00 a.m. ET. The system may be unavailable during this time. We apologize for the inconvenience and appreciate your patience as we work to provide you the best experience possible.

On the relink page, you'll see all your Connect assignments for the paired section. From here you can:

- Filter to view only linked, unlinked or matched assignments
- See which assignments are hidden or unassigned (these cannot be deployed)

To relink

1. Select the assignments you want to relink
2. Choose your grade settings
3. Click **Deploy**

You'll receive a confirmation notification when deployment is complete.

If you have no assignments to relink

If no assignments have been created yet, you'll see a zero-state page with a link to create assignments. Click the link to open Connect in a new tab, create your assignments there, then return to your LMS and refresh the deployment page.

Grade Sync

Important: Grade sync page opens in a new tab.

The screenshot shows the McGraw Hill Connect interface for a course titled "Course: Molecular Biology 101". The user's name "JD" is in the top right corner. The main content area displays a "Paired Section" for "Comprehensive Study of Molecular Biology, Genetics, Evolution". It includes a book cover for "BSCS Biology: A Molecular Approach" and two status tags: "Shared Template Section" and "Start and due dates only". Below the book cover, it states "Section Created: 01/18/25" and "Section Paired: 01/18/25", with the ISBN "34444321334". A note mentions "This section uses the 2024 release." with a link to "View Release Notes". On the right side, there is a "Launch Connect Section" button and a "Tools" menu with options: "Deploy Assignments", "Relink Assignments", "Grade Sync", "Manage Dates", "Reset Section Pairing", and "Setup New Term".

There are no changes to the current grade sync page in the June 2026 release
