

My Courses Icons

Here is a quick walkthrough of the Icons associated with your sections on your My Courses page.

Icons include: the student roster icon, the share section icon, and the Learning Management System pairing icon.

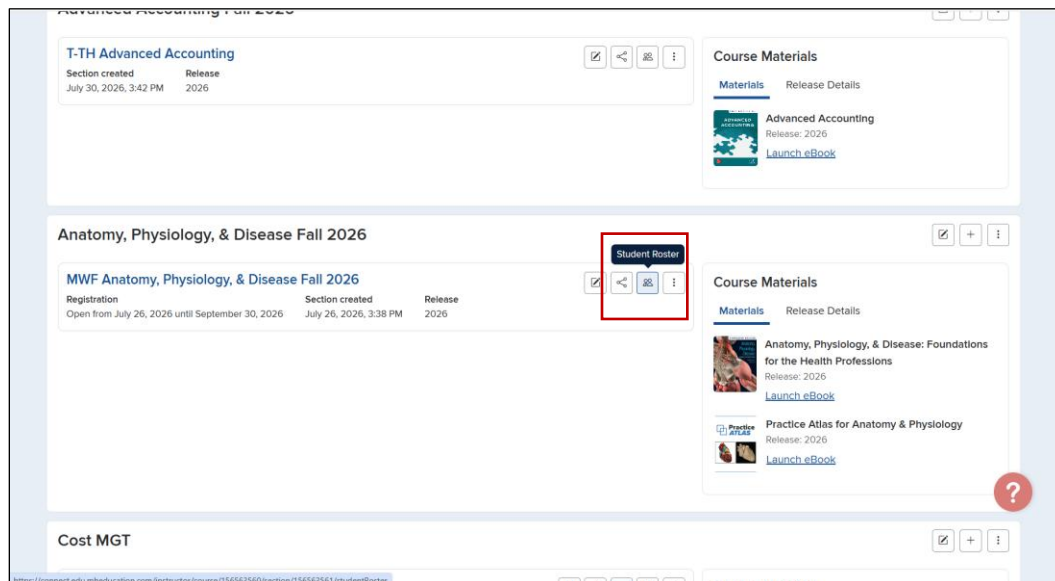

The screenshot displays the 'My Courses' interface with three course sections. Each section has a header, a details box, and a 'Course Materials' panel.

 - Section created: July 26, 2026, 3:38 PM
 - Release: 2026
 - Course Materials**
 - Materials** (selected)
 - Release Details

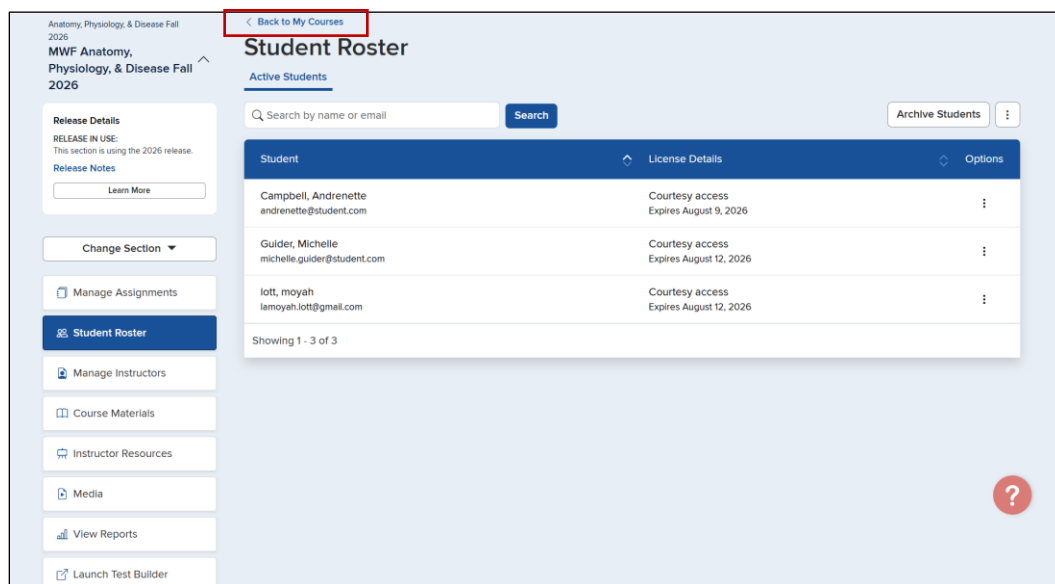

Each section's details box and 'Course Materials' panel include icons for checking, sharing, and pairing. A red question mark icon is visible in the bottom right corner of the 'Anatomy, Physiology, & Disease Fall 2026' section's 'Course Materials' panel.

Step 1: Student Roster

First, the **student roster icon** is located on each section and links directly to your roster with important student information. Clicking on the icon will display their username and email along with license details.

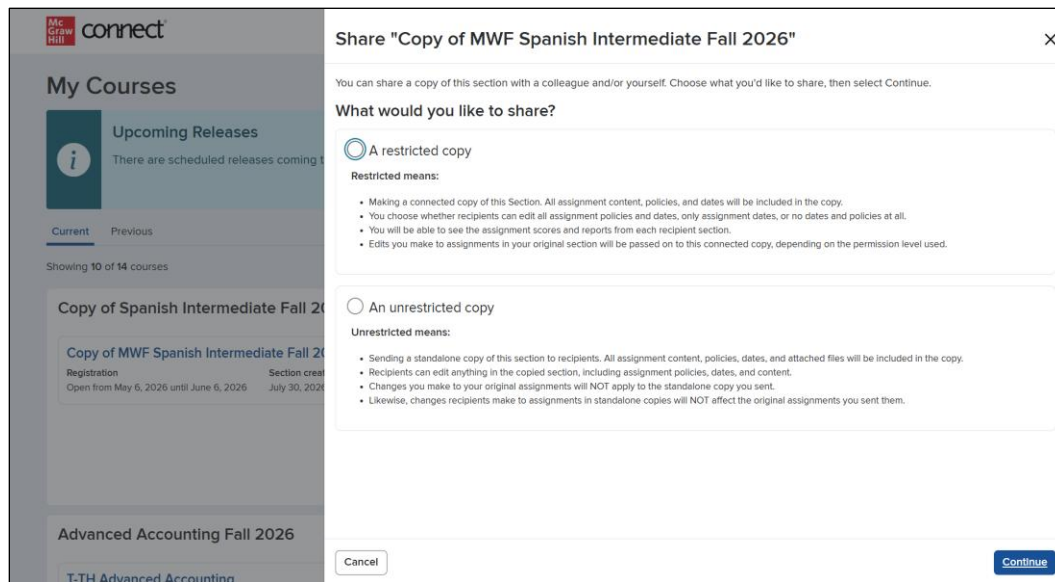

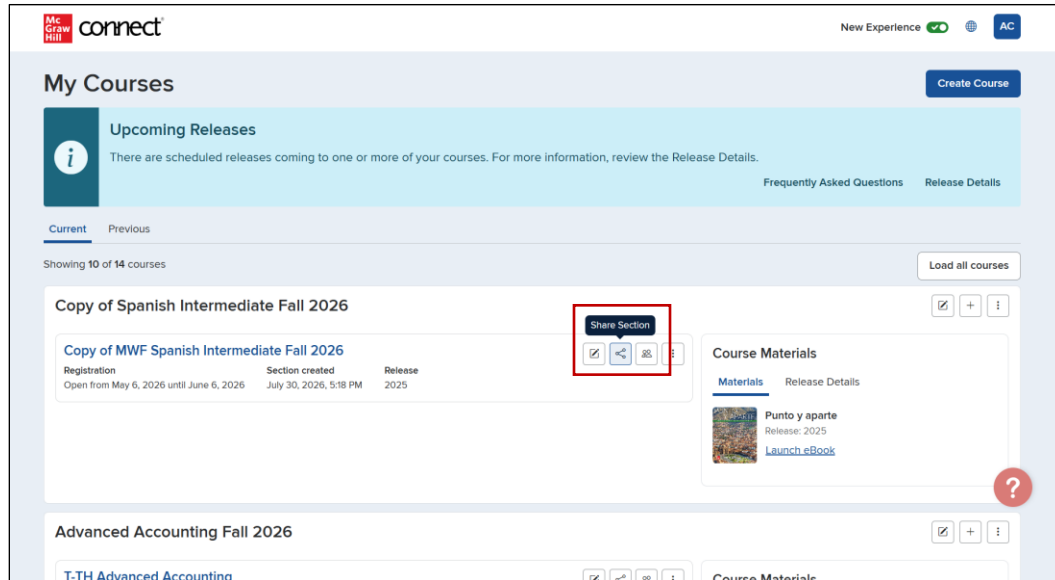

You may switch between sections to see different rosters. Click the **Back to My Courses** button at the top left to go back to your My Courses page.

Step 2: Shared Section

Next, the **Share Section** allows you to share the section with someone else, such as another instructor or teaching assistant.

Step 3: LMS - Learning Management System

The **LMS icon** indicates that you have paired your Connect section with a Learning Management System. Clicking on the Icon will show which LMS your section is paired with.
