

SECTION DASHBOARD: SECTION PERFORMANCE WIDGET

Video: CLICK TO VIEW

Section Performance Widget

Log in with your school email address and password on <u>connect.mheducation.com</u>. Click on the section from your My Courses page to view the Section Dashboard. The Section Performance Widget is located at the top left.

Assignment performance

The first tab displays a graph of assignment performance over time. At the top is the overall section average for the last 10 assignments, with a yellow alert if students have low scores between 0-59%. The View Assignments Report button takes you to the Assignment Results report page.

Each bar represents an assignment, in chronological order. Each assignment displays with a color and pattern indicating performance. The graph adjusts over the course of the term.

Hovering over a bar shows assignment name and due date. Clicking on the bar shows class average and number of students who submitted. "View Report" takes you to the assignment results report for that assignment.

Assignment activity

The second tab displays a graph of submission statistics for assignments due in the next 7 days, sorted by date, then by assignment name.

Hovering over a bar shows name and due date, while clicking on a bar lists the students who have not yet submitted their work.

Student performance

Call: (800)331-5094

The student performance tab allows you to search by student name to launch directly into that student's reports.
