

SmartBook: Grading and Recharge for Students

Video Walkthrough: [CLICK TO VIEW](#)

SmartBook assignment scores are based on number of points accumulated **before** the due date. Your score locks in when you **either** achieve 100% completion **OR** the due date arrives, whichever happens first.

After the due date passes, the assignment automatically goes into *recharge mode* and you can continue to work the assignment for additional study. Work completed in recharge mode will not affect your original score.
