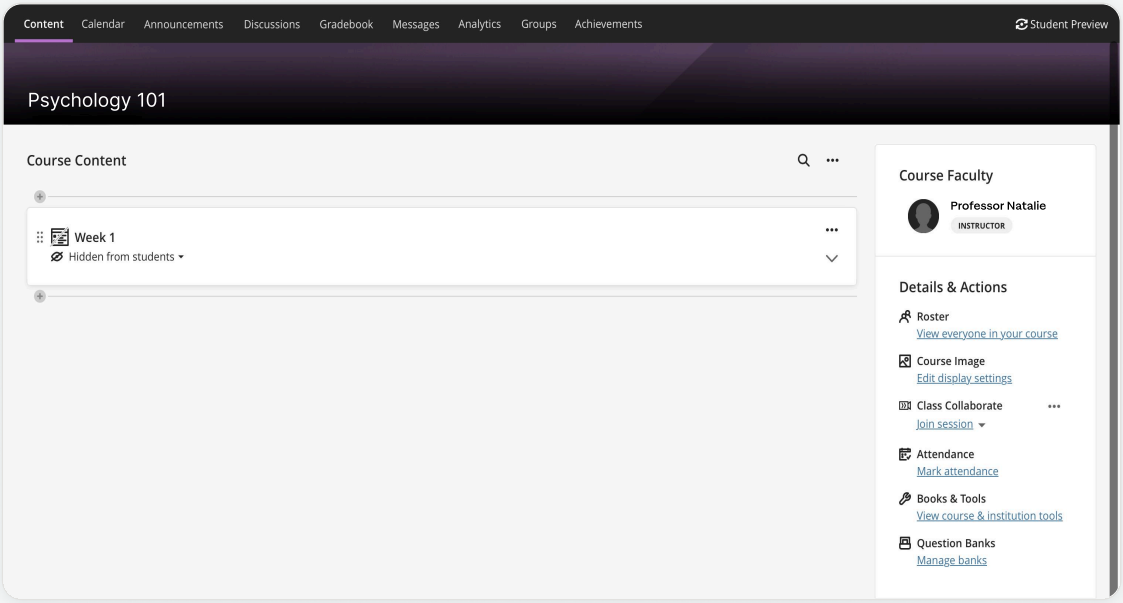
How to Pair Your Blackboard Course with Sharpen Advantage

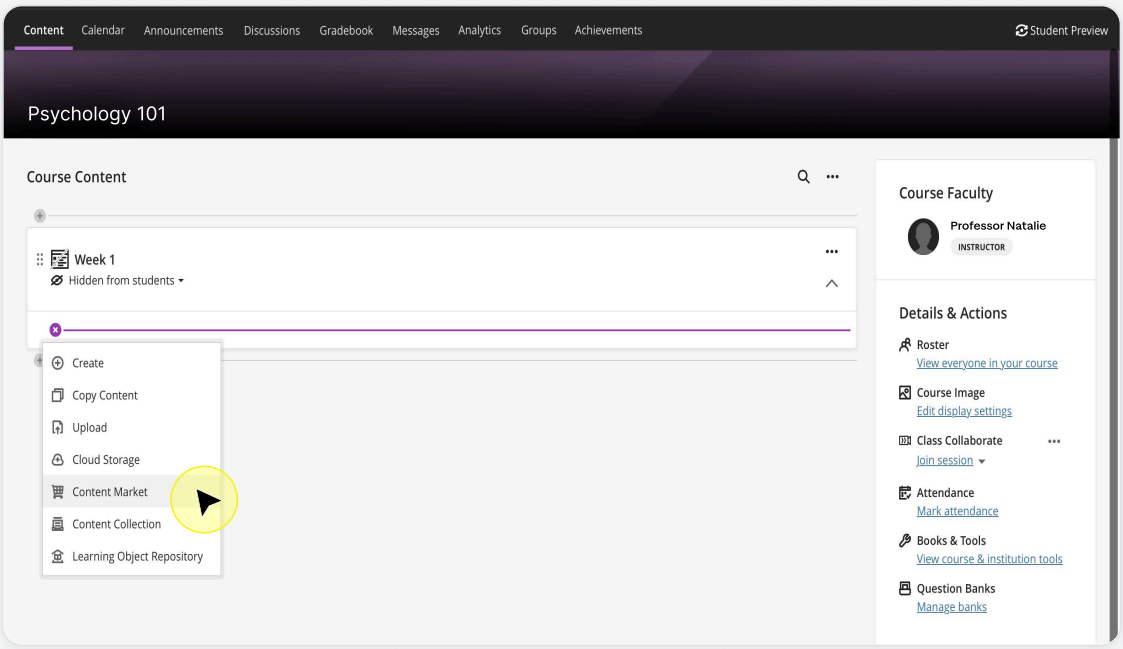
Step 1

Open the **Blackboard** course you would like to pair with Sharpen Advantage and go to **Content.**



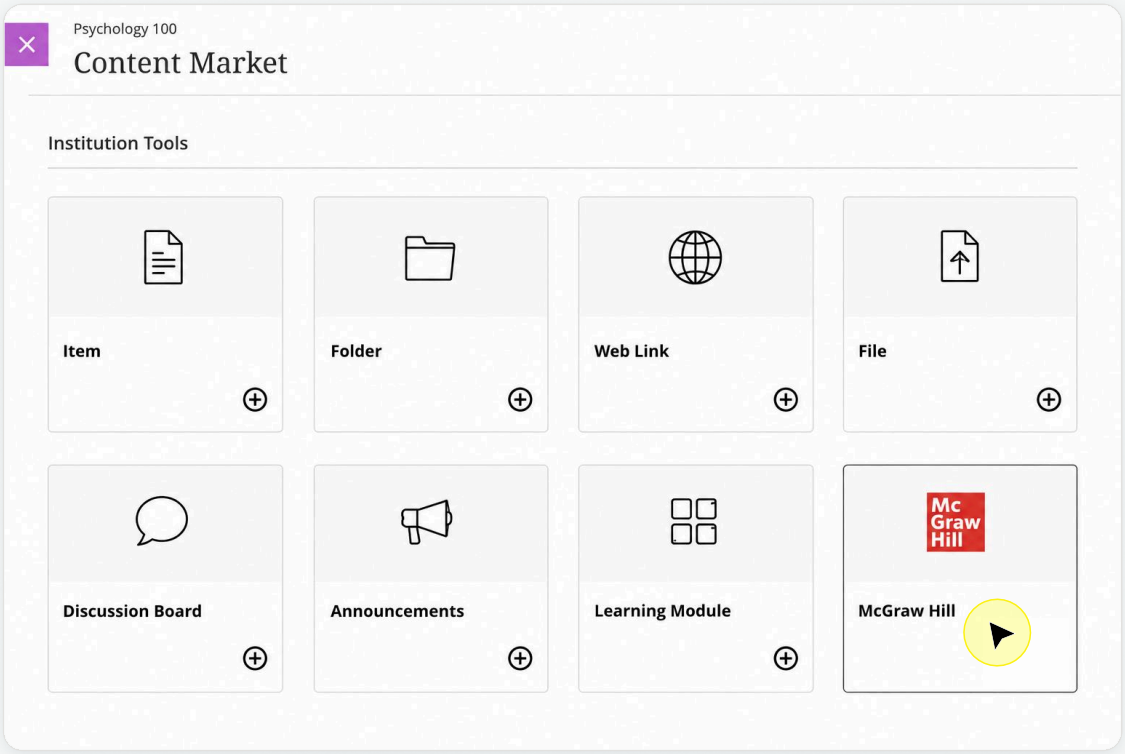
Step 2

Click the **+ icon** and select Content Market from the drop down.



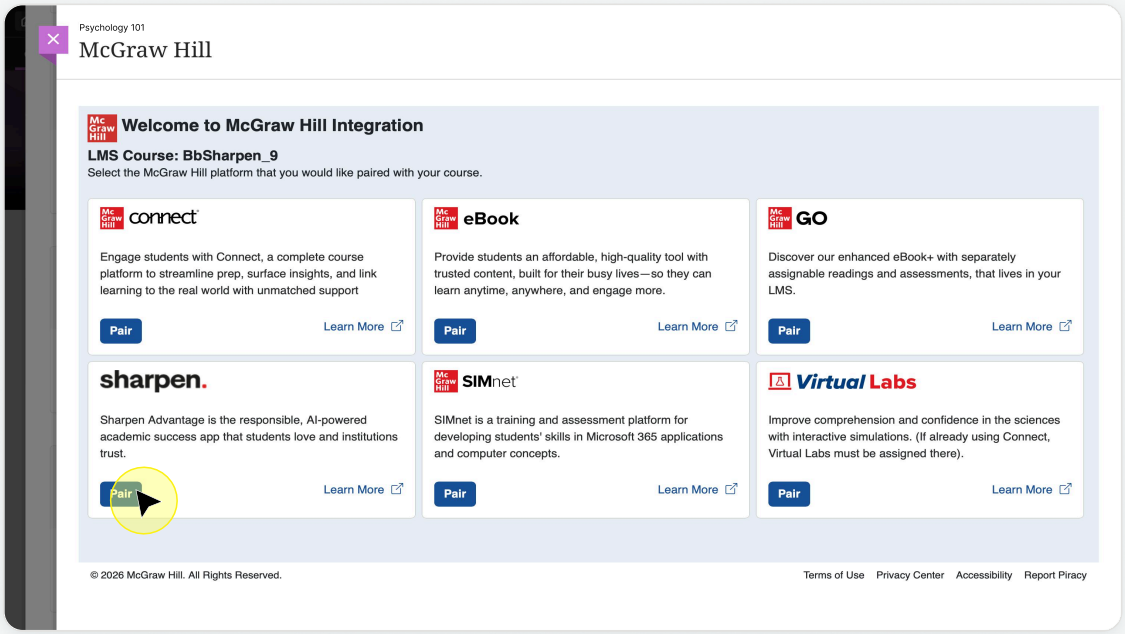
Step 3

In the pop-up window, select **McGraw Hill Integration.**



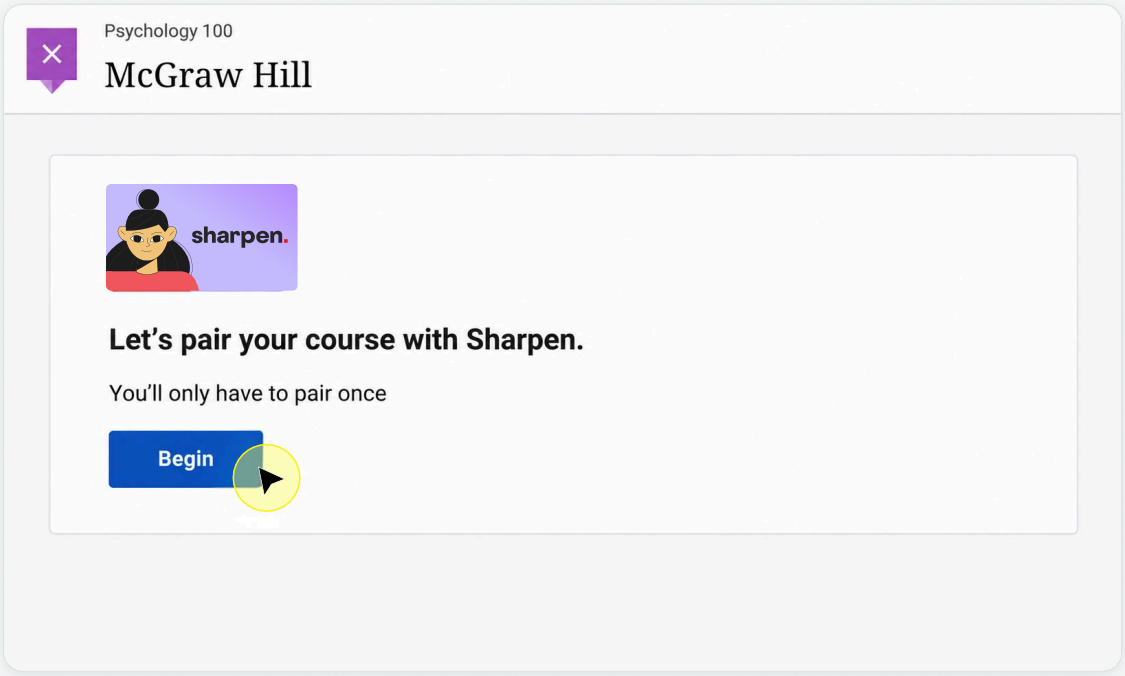
Step 4

Locate Sharpen and click **Pair.**



Step 5

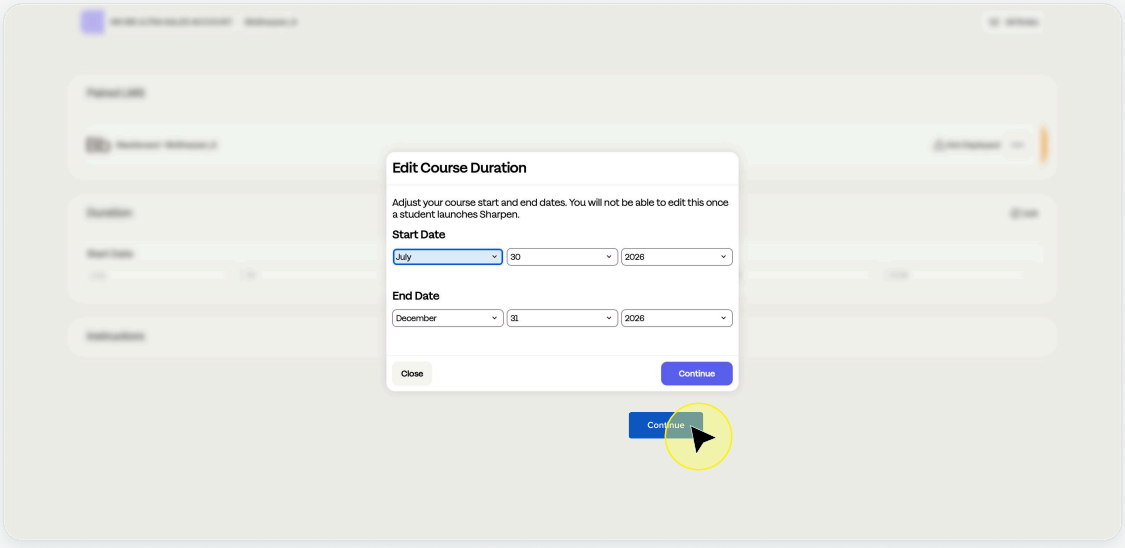
In the pop-up window, click **Begin.**



Step 6

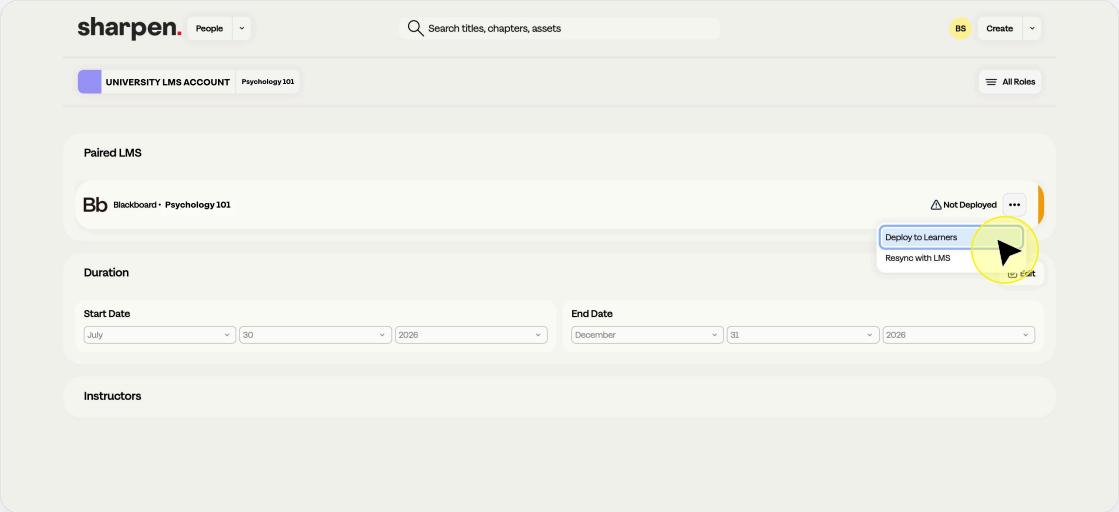
Enter your course start and end dates and click **Continue**.

Important action item: Once the first student registers for Sharpen, you will not be able to edit these dates.



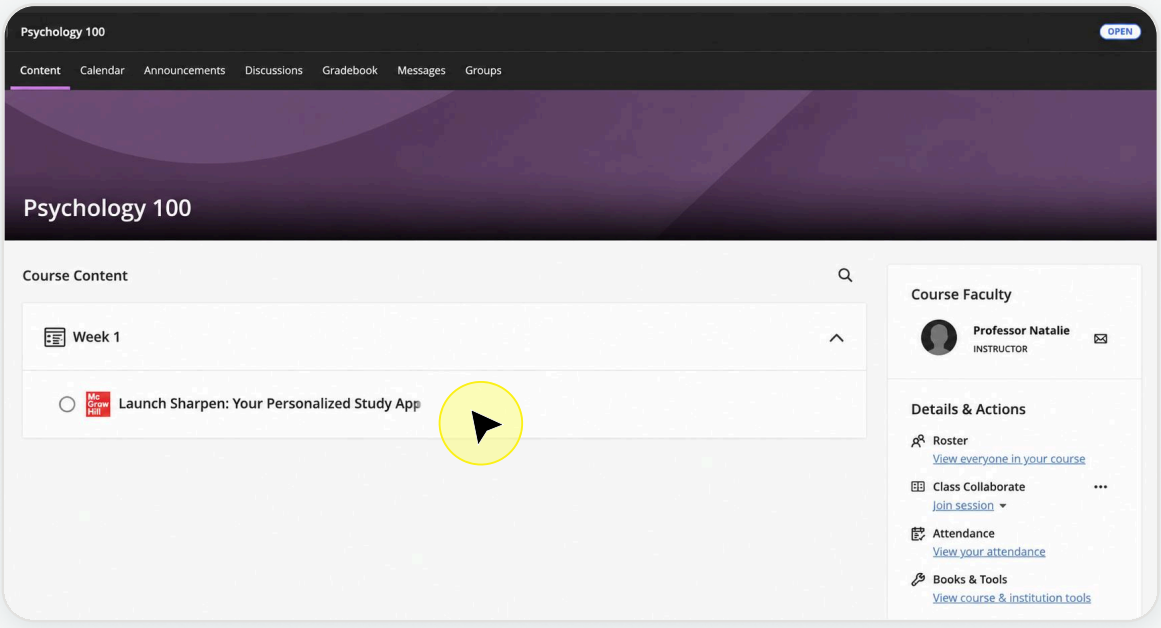
Step 7

Click **Deploy to Learners.**



Step 8

Return to Blackboard. Your course pairing is complete.

Ask students to **click this link** on the first day of class to register for Sharpen. They must click this link to register.


Important action item: You must publish and share a playlist before the first day of class. Otherwise, students will see a blank screen when they first log in to Sharpen.
