

Personalize Learning for Every Student

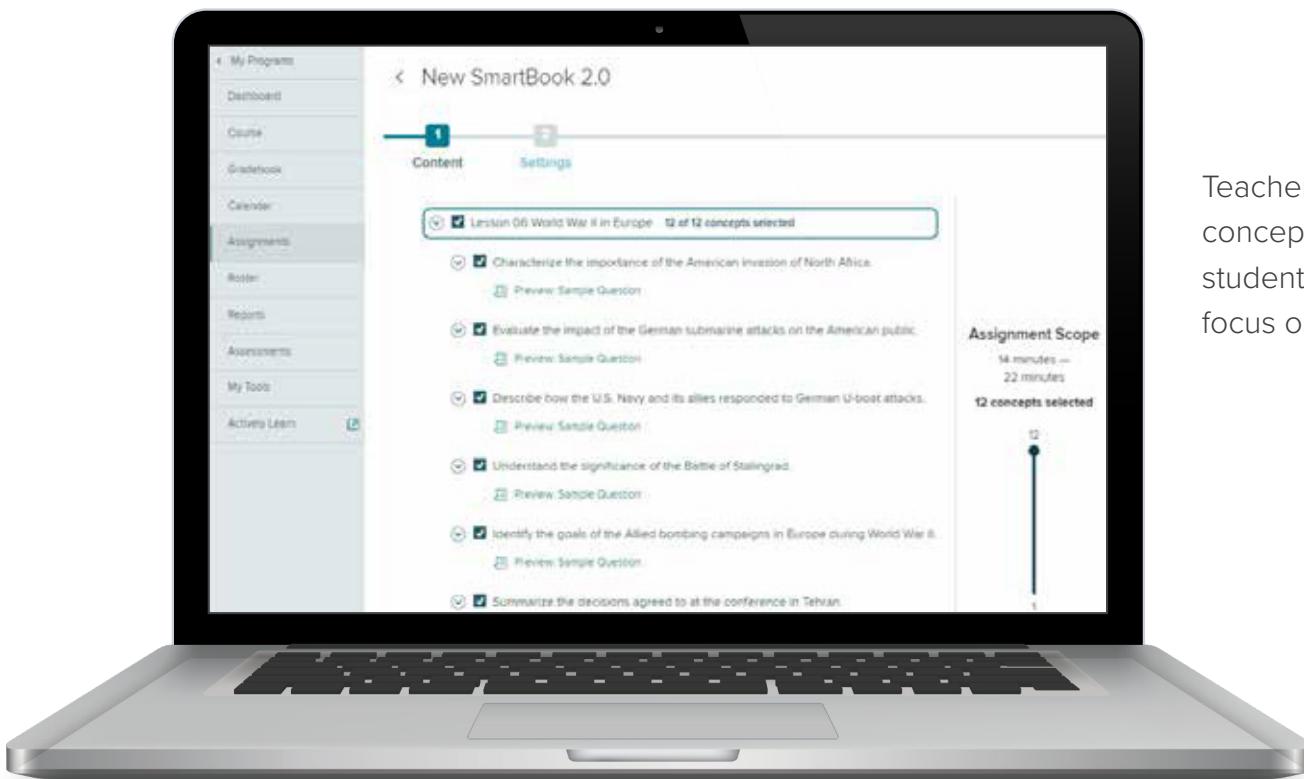

SmartBook® delivers personalized, **adaptive** learning tailored to each student's individual needs—pinpointing knowledge gaps and focusing instruction on the concepts that require additional study. Teachers can assign specific chapters, topics, or concepts and access advanced reporting features that track individual and class progress with actionable insights to inform in-class instruction.

The image shows two devices displaying the SmartBook interface. The tablet on the right shows a 'SmartBook Assignment' for 'Topic 04 The American Revolution 1754-1782'. It features a 'Duration' circle (22m 22s) and a 'Content' circle (12 Concepts). Below these are two buttons: 'Want to Learn More before you Answer questions?' (Start Reading) and 'Familiar with the material and ready to start the assignment?' (Start Questions). The smartphone on the left shows a 'SmartBook Lesson 08: The American Victory' page. It highlights a section titled 'Understanding the Time and Place: Medieval Europe, 800 C.E. to 1300 C.E.' with a yellow box. Below this is a table with two rows: 'Medieval Europe' and 'Christian Church', each with a 'Key Facts' column.

Highlights help show key concepts.

Students begin with a clear understanding of time and concepts to complete.

The image shows a laptop displaying the 'New SmartBook 2.0' interface. The left sidebar shows 'My Programs' with 'Assignments' selected. The main content area shows a list of assignments for 'Lesson 06 World War II in Europe' (12 of 12 concepts selected). Each assignment includes a checkbox, a description, and a 'Preview Sample Question' button. To the right is a 'Assignment Scope' section with a vertical scale from 1 to 14 minutes, indicating a range of 22 minutes and 12 concepts selected. A vertical bar on the scale is at the 12 mark.

Teachers assign concepts for students to focus on.
