

## The Future Is Now

# BRING SOCIAL STUDIES TO LIFE WITH AUGMENTED REALITY

McGraw Hill and Verizon have partnered to create McGraw Hill AR, an augmented reality app combining proven content with powerful technology to engage your students in unique and impactful ways.

With McGraw Hill AR, your social studies students can become time travelers, immersing themselves in the past by exploring events, making choices, and simulating strategies.

These engaging, bite-size experiences promote deep conceptual learning and provide a great complement to your McGraw Hill Social Studies curriculum.

Each activity is standards-aligned and offers a consistent approach:

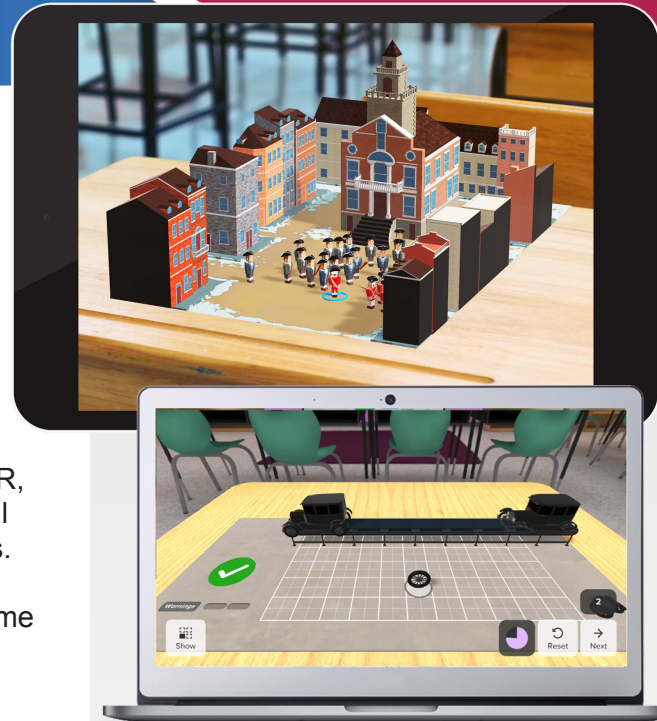

- **Observe:** Students watch a narrated animation.
- **Explore:** Students interact with 3D objects and experiment at their own pace.
- **Evaluate:** Students apply their knowledge by answering interactive questions.

### Lesson Plans & Worksheets

Create a free account on [Verizon Innovative Learning HQ](#) to access the lesson plans. There are also student worksheets that correlate to the activities in the app, as well as Enrichment and Extension activities. Make sure to [bookmark this link](#) for the McGraw Hill AR lesson plans within the portal.

### How to Access the App

Download the free app to any Apple or Android tablet or smartphone.

### Social Studies Topics in McGraw Hill AR

- Parthenon
- Vikings
- Silk Road
- Trench Warfare
- Space Race (incl. group activity)
- Industrial Revolution
- Westward Expansion
- Boston Massacre
