# Number Worlds™

Accelerate Math Success

## Assessment

# Test Instructions

Use the questions below with the following page to evaluate student performance this week. If students have difficulty with an individual item or items, review the associated Warm-Up and Engage activities. If students show understanding of all the items on this assessment, they should move on to the next week of **Number Worlds**.

## Lesson 1

- 1.** The picture shows a penny and a dollar bill. Circle the penny. Color in the dollar bill. Penny is circled; Dollar is colored in.

If a student has difficulty with this item, review

- **Warm-Up Card 17**, In My Pocket
- **Activity Card 40**, Look at This!

## Lesson 2

- 2.** Circle the set that has the most pennies. Right set of 4 pennies

If a student has difficulty with this item, review

- **Warm-Up Card 18**, This Many
- **Activity Card 41**, Piles of Pennies and Dollars

## Lesson 3

- 3.** I have 3 pennies. I add 1 more penny to the set. Circle the set I would have now. Right set of 4 pennies

If a student has difficulty with this item, review

- **Warm-Up Card 19**, Pennies and More Pennies
- **Activity Card 42**, Teacher's Helpers

## Lesson 4

- 4.** I have 6 one-dollar bills. I subtract 1 bill from the set. Circle the set I would have now. Left set of 5 one-dollar bills

If a student has difficulty with this item, review

- **Warm-Up Card 20**, One Penny Gone
- **Activity Card 43**, A Hole in My Pocket
