

McGraw-Hill Academic Integrity Remote Proctoring & Browser Locking Capabilities

McGraw-Hill and Proctorio have partnered to incorporate learning integrity tools within Connect®.

New for August 2020, remote proctoring and browser locking capabilities will be seamlessly integrated within Connect® to offer more control over the integrity of online assessments. A mix of live and fully-automated remote proctoring services provide scalable and cost-effective solutions to protect institutional accreditation, increase the value of online degrees and help institutions grow their programs.

Instructors can enable security options that restrict browser activity, monitor student behavior, and verify the identity of each student. Instant and detailed reporting gives instructors an at-a-glance view of potential academic integrity concerns, avoiding personal bias and supporting evidence-based claims.

Learning Integrity Platform

Beginning August 2020, Connect® will include options for customizable, secure exam settings, including new remote proctoring options and live ID verification to allow institutions to set-up unscheduled, on-demand proctoring specific to their assessment needs. This ensures fairness for test-takers by increasing accountability, securing exam content, deterring cheating, and promoting a culture of integrity while improving learning outcomes.

Our Advantages

Integration

Seamless integration between Connect®, Proctorio, and your LMS.

Limitless

No scheduling, time limits, or maximum proctoring sessions.

Secure

Restricts students' access to resources and protects McGraw-Hill content and students' personal information.

Requirements

Lowest bandwidth requirements.

Simplicity

Utilizes Connect® login and does not require Proctorio account creation.

Insight

Reports provide suspicious indicators allowing faculty to pinpoint where questionable activity occurred.

Support

Built-in 24/7/365 support for instructors and students.
