- Discussion of the Trump Administration's "get tough" policies on juvenile justice, support for increased privatization in corrections, and opposition to legalization of marijuana
- Discussion of current trends in juvenile justice, such as increased attention to racial disparities in sentencing and neuroscientific principles that prove the adolescent brain is less developed and more amenable to rehabilitation than the adult brain.
- New Focus on Policy Box: Changes in Juvenile Court Jurisdiction

Digital

Connect[®]—The Connect Suite effectively engages students in the course so they are better prepared for class, more active in discussion, and achieve better results. Its innovative and adaptive technology addresses a wide variety of student and instructor needs with a rich database of assignable and assessable activities, each attached to learning objectives. Connect, part of the Connect suite, is a web-based assignment and assessment platform that features a number of powerful tools that make managing assignments easier for instructors and learning and studying more engaging and efficient for students.

Connect Insight™—As part of the Connect Suite, Insight™ puts real-time analytics in your hands so you can take action early and keep struggling students from falling behind. Designed for your tablet or desktop computer, Insight is a series of visual displays providing at-a-glance information regarding how your section, students, and assignments are doing.

SmartBook—As part of the Connect Suite, SmartBook is the first and only adaptive reading and learning experience that changes the way students read. It creates a personalized, interactive reading environment like no other by highlighting important concepts, while helping students identify their strengths and weaknesses. This ensures that he or she is focused on the content needed to close specific knowledge gaps, while it simultaneously promotes long term learning.
