Connect Student

Bossier Parish Community College

**Connect made me
happy because...**

“it helped me keep up with
managing my time and keeps
me stress-free when studying.”

**I found the
experience...**

“Excellent.”

**Connect helped
me by...**

“bringing back
information that I forgot
over the past months.”

**I would
recommend
Connect to
students who...**

“struggle with studying
the material.”

**The thing I liked
most was...**

“that it brought up similar
questions to the ones I had gotten
wrong on the previous questions.”
