### Connect made me happy because...

“I receive excellent service from McGraw-Hill. They are always there for me, day and night, and have the best products.”

### My experience using Connect was...

“outstanding! Student learning and outcomes have both risen.”

### I chose Connect because...

“it’s the premiere educational software. It is the “Apple” of education!”

### Connect helped me improve my course by...

“covering content that is difficult to cover in a mass class in more depth.”
