First Year Experience
Palm Beach State College

Connect made me happy because...

"it makes my job as a professor teaching many full classes easier to do!"

My experience using Connect was...

"my experience was smooth. The sight is user-friendly for both professors and students!"

I chose Connect because...

"it is a viable and effective tool that leads to deeper knowledge and better results in my class."

Connect helped me improve my course by...

"consolidating resources and data in order to streamline and achieve desired course outcomes."
