Connect Student

Southwest Tennessee Community College

I used Connect because...

“I needed help understanding what was being said in class.”

I found the experience...

“to be very beneficial.”

The thing I liked most was...

“the pictures and diagrams of all the body parts.”

The result in my grade improvement was...

“very good.”

I would recommend Connect to students who...

“are struggling with understanding the subject at hand.”

Connect helped me by...

“allowing me to better learn the subject at hand.”

Connect made me happy because...

“I learned so much and I am still able to remember the information.”
