Connect Student

Miami Dade college

**I would
recommend
Connect to
students who...**

“work full time jobs like me
and need help organizing
and prioritizing.”

**Connect helped
me by...**

“reminding me when all of my
homework and work was due,
and allowed me to practice and
review whenever I needed it.”

**The thing I liked
most was...**

“the calendar view of assignments. I
found it to be very helpful.”

**The result in my grade
improvement was...**

“was huge in my opinion because
I can be very forgetful.”

**Connect made me
happy because...**

“because it helped me achieve
a good grade in the class that
I’m taking.”

**I found the
experience...**

“to be wonderful.
I really enjoyed it.”
