## #MHEhappiness

**Stephania Munoz**

Connect Student

Miami Dade College Kendall

**I used  
Connect  
because...**

“it’s where I have online access to the course materials for one of my classes.”

**Connect helped  
me by...**

“forcing me to engage in the practices which ultimately push me to know the content. It keeps track of what I’ve read and keeps me active during the chapter reading assignments by asking me practice questions throughout.”

**I would  
recommend  
Connect to  
students who...**

“like to be disciplined and prefer to be reminded of their assignments.”

**Connect made me  
happy because...**

“I can easily find assignments and am given multiple attempts at certain assignments.”

**The thing I liked  
most was...**

“that I can easily print the content, along the way.”

**The result in my grade  
improvement was...**

“a good one. I was forced to read the chapter in SmartBook® because it counted as an actual grade.”
