Connect Student
Suffolk University

Connect helped me by...

“highlighting the important information while I was studying for tests.”

I would recommend Connect to students who...

“like to read and study online.”

Connect made me happy because...

“it helped me learn more.”

The thing I liked most was...

“the practice questions.”

I use Connect because...

“it was a requirement for the class.”

I found the experience...

“enjoyable.”
