Connect Student

Texas State University

The result in my grade improvement was...

“I am currently making an A in all my classes that I am using connect!”

I would recommend Connect to students who...

“likes self quizzes.”

Connect helped me by...

“studying with me constantly.”

Connect made me happy because...

“it’s helping me pass my classes”

The thing I liked most was...

“the studying material”

I use Connect because...

“I was required to”

I found the experience...

“enjoyable.”
