## #MHEhappiness

### Nadine Obinna-Uzoh

Connect Student  
University of Pittsburgh

#### The thing I liked most was...

“the highlighting  
feature was most  
effective.”

#### Connect made me happy because...

“it saved me a  
lot of time.”

#### Connect helped me by...

“showing me how  
to study more  
efficiently by  
highlighting the  
most important  
things that I needed  
to read.”

#### I would recommend Connect to students who...

“want to be efficient  
and effective in their  
study time.”

#### The result in my grade improvement was...

“a whole letter grade.”

#### I found the experience...

“to be very  
efficient.”
