

# Supporting Each Student's Unique Path to Growth

At McGraw Hill, we appreciate that everyone brings something different to the table and that no two students, classrooms, or schools are the same. That's why we've engineered personalized learning solutions that cater to a wide range of learning styles, interests, and abilities. Every day, our expert authors work to develop flexible resources that embrace your students' differences, helping them flourish into the people they aspire to be.

## Educational Impact

As industry leaders, we partner with millions of educators, students, and professionals around the world to facilitate transformative learning experiences. Using world-class content powered by cutting-edge technology, our programs help to pinpoint each learner's unique path to growth.

### Our Best-In-Class Content

**14,000+**

Authors and educators in various fields of study

**50+**

Nobel laureates

**100+**

Countries where our content is distributed

### PreK–12 Research

Research fuels all that we do to improve and accelerate learning. Our dedicated learning scientists study how learning happens and the mind develops, and we apply their rigorous findings to deliver powerful, strategic, individualized instruction. Access online samples of [our programs here](#).

# Resources That Meet You Where You Are

## Seamless Integration

Integrating new programs into your district's digital ecosystem should solve problems, not create them. We offer a suite of comprehensive services designed to promote ease of use and ensure end user access:

- Assignment Sync and Grade Passback in accordance with the IMS Global® LTI Advantage 1.3 standard.
- Google Assignment Sync.
- OneRoster® and Clever Rostering.
- Single Sign-On (SSO) using interoperability standards: LTI, SAML, and Clever.
- IMS Global Thin Common Cartridge®.

## Professional Learning

- **Online Courses:** Embedded within the product platform, these include quick start courses, assessment courses, and other focused courses that help teachers implement the curriculum and use the digital resources and technology in more effective ways.
- **Author and Advisor Pedagogical Video Series:** In these videos, our authors and advisors highlight specific pedagogical opportunities for teachers and administrators to effectively apply the research-based instructional models on which our programs were developed.
- **Classroom Video Libraries:** These videos demonstrate how real teachers use our programs and pedagogy in the classroom, giving educators, coaches, and administrators the opportunity to see the programs in action.
- **District Facilitated Workshops:** We designed these sessions to be delivered by district personnel. They include a facilitator's guide and often video clips for use in a PLC or district professional learning session.
- **Live (Virtual and/or In Person) Initial Training Sessions:** Implemented based on a plan developed with the district, these sessions prepare teachers to use curriculum resources.
- **On Demand Initial Trainings:** Recorded versions of McGraw Hill initial trainings offered on demand, these help teachers and/or districts utilize resources that support student achievement.

## Custom Solutions

Build educational resources that meet your school or district's specific needs. [McGraw Hill Create®](#) is a self-service website that allows you to construct custom course materials from our comprehensive, cross-disciplinary content.

Next time you need to place an order, skip calls or emails to your sales rep: Add to your McGraw Hill programs online by building a Custom Web Store for your school or district. [Learn more here.](#)

# Building Strong Relationships

## Reflecting the Diverse World Around Us

Inclusion lies at the heart of McGraw Hill's culture and mission. In order to unlock the potential of every learner, we are dedicated to creating culturally responsive, equitable programs that reflect, and are accessible to, all the diverse customers we serve. Headed by our [equity advisory board](#), our company fosters an internal culture of belonging and works selectively with partners who share our commitment to equity, inclusion, and diversity in all forms. For more on our approach, [click here](#).

## Kindness Certified Company

Today's world could use a little more kindness. We are proud to share that our long-standing partner, Kids for Peace, has named McGraw Hill the first official Kindness Certified company. Home of The Great Kindness Challenge, Kids for Peace are pioneers of kindness education. The very first nonprofit to introduce a structured classroom kindness program, they serve as a trusted source for educators worldwide.

## Educators' Community

We value the ideas, insights, and opinions of educators. That's why we're inviting all current PreK–12 educators in the United States to join our McGraw Hill Educators' Community. Get involved, get connected, and [become a thought leader here](#).

## PreK–12 Equity Advisory Board

Consisting of experts spanning education policy, law, and museum work, the Board advises the company on equitable product development, content, and other initiatives. [Learn more here](#).

## Partnership

### *Character LAB*

#### Character Lab

Our ELA programs include social and emotional learning Playbooks and Tips from [Character Lab](#) for each essential question per genre study or set text. Character Lab connects researchers to educators to promote scientific insights that transform how students learn.

## Achieve3000: Now Part of McGraw Hill

For more than five million students in grades PreK–12, Achieve3000 has improved high-stakes test performance while driving college and career readiness in literacy, math, science, social studies, and English language arts. Now part of McGraw Hill, the Achieve3000 you know and love continues to equip educators with personalized and differentiated solutions to help all students accelerate their learning. [Learn more here.](#)
