

A History of Eclipses

TIMELINE RESPONSE SHEET

Primary

1. The first documented eclipse was found in a petroglyph. A petroglyph is a symbol or shape carved into a rock. Draw and label a petroglyph of an eclipse.

2. Articles about eclipses have appeared in newspapers since 1752. Write a short story about an eclipse.

3. The next total eclipse of the Sun is on April 8, 2024. Draw a picture of yourself observing the solar eclipse. Don't forget to include special glasses to protect your eyes!

4. Write a story about safely viewing an eclipse.

Four sets of primary-ruled writing lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line, providing a guide for letter height and placement.
