# ADDING RESOURCES IN *ALEKS*

You can easily add your own resources (documents, notes, and video links) in *ALEKS*.
These resources will be available to the student at the point of use when working in *ALEKS*.

1. From the Class Tab, click on **Class Tools** just above the dashboard.

2. Select **Resources** in the Class Tools panel.

3. Agree to *ALEKS* Class Resources Agreement, then click **Add Resource**.

4. Fill out the resource information. You can upload a file, add a web link, or simply type a note.

5. The resource can be added to a folder in the Resources table for general access and can also be linked directly to the topic to which it applies*.

Name and Type

Enter a Resource Name Multiplying Fractions - Math Antics

Choose a Resource Type

- ○ File: ⓘ [Browse...]
- ● Link (URL): https://www.youtube.com/watch?v=qmfXyR7Z6Lk ☑ Tag this resource as a video ⓘ
- ○ Note: [_____]
  250 characters max

④

Organize Resource (Optional)
☐ Add this resource to an existing folder in the Resources table [(Choose one) ▾]

Student Resource Visibility
☑ Display this resource on each student's **Resources** page when student is in Learning Mode. The resource will be accessible and organized in the order specified by the instructor.

Link Resource to Topics

☑ Link this resource to individual topics. Students will be able to view this resource on the Explain pages for the selected topics.

⑤

Select one or more topics below. Preview topics by double clicking or tapping the topic name twice.

Topics selected: 1	Resources linked ⓘ
