

Professional Development Resources

At McGraw-Hill, we are your partner in professional learning. *IMPACT™: California Social Studies* provides a multitude of resources to support individual teaching styles, classroom technology use, and most importantly, the needs of students.

Online Professional Learning Library

IMPACT: California Social Studies Professional Learning library includes expert videos from thought leaders in the field. Follow best practices, dig deeper into high interest topics and discover how to implement *Foldables®* in the classroom and more!

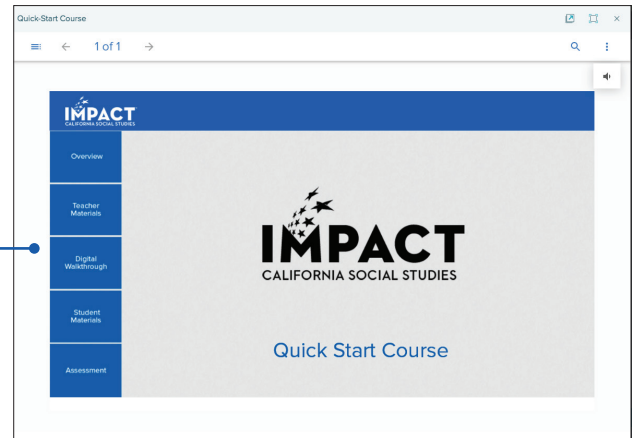

Go to Course, Resources and type “Video” in the Keyword Search box.

Open Learning Platform

New to McGraw-Hill’s Open Learning Digital Platform? Visit our Training and Resource center on the homepage to a variety of resources to guide you through *IMPACT: California Social Studies* online.

Within the Professional Learning Library, we recommend you start with the Quick Start Guide. Teachers will find a brief, to-the-point description of how to use the program's components and how to customize content for individual or class-level needs.

For a deeper understanding of how to fully use the program, teachers can review the Implementation Guide, which shows how to optimize McGraw-Hill technology, content, and pedagogy to support history-social science teaching and learning.

Once you have started with *IMPACT: California Social Studies Quick Start and Implementation Guides* you can continue your learning with:

- Implementation Framework
- Program Overview
- Component List
- Communication Templates
- Walk-through Checklist

Expert Videos provide insight by a thought leader in the field being discussed

- Technology Use and Tips
