

These immersive CTE courses are designed to provide Teachers with the flexibility and resources to meet your instructional needs - in the classroom, online, or both. Each course is available in print as well as a robust digital experience featuring our Open Learning Platform that fully integrates into Canvas, Schoology, Google Classroom and others. All digital programs are available on the **McaGraw Hill K-12 Portal** app that provides a mobile-ready experience with off-line access anytime, anywhere to the eBook, assignments, and more.

### Careers and Basics of Health Science

1e | ©2025 | Booth

There are 250+ healthcare occupations. Requirements vary widely from a certification to eight years or more post-secondary education and training. *Careers and Basics of Health Science* is your student's gateway to the exciting world of healthcare and the many career opportunities available. Each chapter is written by an expert in the field, providing students with a front-row seat to careers in therapeutic services, diagnostic services, health informatics, support services, and biotech. Reviewed and endorsed by NCHSE and HOSA.

### Essentials of Medical Language

1e | ©2024 | Allan, Basco

*Essentials of Medical Language* is designed to help students master the complex language of modern health care. Organized by body system in an outside-to-inside sequence, students experience the terminology in the same differentiated diagnosis method a physician would use in an examination. Authentic patient cases are used to place the student in the shoes of a healthcare professional. This causes more effective retention of terms and how terms relate to each other.
