

Table of Contents

UNIT 1

Land and Water

Module: Earth's Landscape

MODULE PLANNING RESOURCES

Three-Dimensional Learning	2A
Performance Expectations	2B
Disciplinary Core Idea Progressions	2C
Three Dimensions at a Glance	2D
Module Planner	2E
Inquiry Activity Planner	2G
Inspire All Students	2I
Encounter the Phenomenon	2
STEM Module Project Launch	4

Lesson 1: Local Landscapes

LESSON PLANNING RESOURCES

Building to the Performance Expectations	6A
Lesson at a Glance	6C
Encounter the Phenomenon	6
Inquiry Activity: Hands On Observe Land	8
Inquiry Activity: Hands On Model Your Landscape	16

Lesson 2: Land on Earth

LESSON PLANNING RESOURCES

Building to the Performance Expectations	24A
Lesson at a Glance	24C
Encounter the Phenomenon	24
Inquiry Activity: Hands On Earth's Land	26
Inquiry Activity: Data Analysis Mountains Everywhere	32
Inquiry Activity: Research Landforms on Earth	37

Lesson 3: Water on Earth

LESSON PLANNING RESOURCES

Building to the Performance Expectations	42A
Lesson at a Glance	42C
Encounter the Phenomenon	42
Inquiry Activity: Data Analysis Earth’s Surface	44
Inquiry Activity: Hands On Moving Water	51
Inquiry Activity: Research Rivers	53
STEM Module Project Planning	59
Science Challenge Build a Model of Your State	59
STEM Module Project	62
Module Wrap-Up	65

TEACHER RESOURCES

Glossary	EM2
Index	EM5
Study Guide Foldables®	EM6
Visual Kinesthetic Vocabulary® (VKV®)	EM8
Notebook Foldables®	EM11
Graphic Organizers	EM13

Teacher Notes

Table of Contents

UNIT 2

Properties of Materials

Module: Describe Materials

MODULE PLANNING RESOURCES

Three-Dimensional Learning	2A
Performance Expectations	2B
Disciplinary Core Idea Progressions	2C
Three Dimensions at a Glance	2D
Module Planner	2E
Inquiry Activity Planner	2G
Inspire All Students	2I
Encounter the Phenomenon	2
STEM Module Project Launch	4

Lesson 1: Investigate Materials

LESSON PLANNING RESOURCES

Building to the Performance Expectations	6A
Lesson at a Glance	6C
Encounter the Phenomenon	6
Inquiry Activity: Hands On Soak It Up	8
Inquiry Activity: Hands On Properties of Rocks	16
Inquiry Activity: Hands On Mystery Materials	22

Lesson 2: Test and Analyze Materials

LESSON PLANNING RESOURCES

Building to the Performance Expectations	28A
Lesson at a Glance	28C
Encounter the Phenomenon	28
Inquiry Activity: Hands On Materials for Boats	30
Inquiry Activity: Simulation Testing Materials	36
Inquiry Activity: Hands On Build a Better Boat	38
STEM Module Project Planning	49
Engineering Challenge Design a Cliff House	49
STEM Module Project	52
Module Wrap-Up	55

Module: Changes to Materials

MODULE PLANNING RESOURCES

Three-Dimensional Learning	56A
Performance Expectations	56B
Disciplinary Core Idea Progressions	56C
Three Dimensions at a Glance	56D
Module Planner	56E
Inquiry Activity Planner	56G
Inspire All Students	56I
Encounter the Phenomenon	56
STEM Module Project Launch	58

Lesson 1: Build with Materials

LESSON PLANNING RESOURCES

Building to the Performance Expectations	60A
Lesson at a Glance	60C
Encounter the Phenomenon	60
Inquiry Activity: Hands On Get Connected	62
Inquiry Activity: Hands On Build and Rebuild	69

Lesson 2: Materials Can Change

LESSON PLANNING RESOURCES

Building to the Performance Expectations	78A
Lesson at a Glance	78C
Encounter the Phenomenon	78
Inquiry Activity: Hands On Heat and Materials	80
Inquiry Activity: Simulation Change It	86
STEM Module Project Planning	97
Engineering Challenge Design a Brick	97
STEM Module Project	100
Module Wrap-Up	103

Table of Contents

Glossary	EM2
Index	EM5
Study Guide Foldables®	EM6
Visual Kinesthetic Vocabulary® (VKV®)	EM8
Notebook Foldables®	EM11
Graphic Organizers	EM14

Table of Contents

UNIT 3

Earth's Changing Landscape

Module: Landscape Changes

MODULE PLANNING RESOURCES

Three-Dimensional Learning	2A
Performance Expectations	2B
Disciplinary Core Idea Progressions	2C
Three Dimensions at a Glance	2D
Module Planner	2E
Inquiry Activity Planner	2G
Inspire All Students	2I
Encounter the Phenomenon	2
STEM Module Project Launch	4

Lesson 1: Slow Changes to Earth's Landscape

LESSON PLANNING RESOURCES

Building to the Performance Expectations	6A
Lesson at a Glance	6C
Encounter the Phenomenon	6
Inquiry Activity: Hands On Changing Rocks	8
Inquiry Activity: Hands On Moving Sand	14
Inquiry Activity: Research Changing Landforms	20
Inquiry Activity: Hands On Glaciers Cause Erosion	24

Lesson 2: Quick Changes to Earth's Landscape

LESSON PLANNING RESOURCES

Building to the Performance Expectations	30A
Lesson at a Glance	30C
Encounter the Phenomenon	30
Inquiry Activity: Hands On Earthquake	32
Inquiry Activity: Hands On Volcano Eruption	40
Inquiry Activity: Research Changing Landscapes	44

Lesson 3: Design Solutions to Slow Landscape Changes

LESSON PLANNING RESOURCES

Building to the Performance Expectations	52A
Lesson at a Glance	52C
Encounter the Phenomenon	52
Inquiry Activity: Hands On Prevent Erosion	54
Inquiry Activity: Simulation Wind Erosion	58
Inquiry Activity: Engineering Design a Way to Reduce Wind Erosion	60
STEM Module Project Planning	67
Engineering Challenge Design a Way to Reduce Beach Erosion	67
STEM Module Project	70
Module Wrap-Up	73

TEACHER RESOURCES

Glossary	EM2
Index	EM5
Study Guide Foldables®	EM6
Visual Kinesthetic Vocabulary® (VKV®)	EM8
Notebook Foldables®	EM11
Graphic Organizers	EM12

Teacher Notes

Table of Contents

UNIT 4

Living Things and Habitats

Module: Plants in Landscapes

MODULE PLANNING RESOURCES

Three-Dimensional Learning	2A
Performance Expectations	2B
Disciplinary Core Idea Progressions	2C
Three-Dimensions at a Glance	2D
Module Planner	2E
Inquiry Activity Planner	2G
Inspire All Students	2I
Encounter the Phenomenon	2
STEM Module Project Launch	4

Lesson 1: What Plants Need

LESSON PLANNING RESOURCES

Building to the Performance Expectations	6A
Lesson at a Glance	6C
Encounter the Phenomenon	6
Inquiry Activity: Hands On More or Less Sunlight	8
Inquiry Activity: Hands On Plants and Sunlight	14
Inquiry Activity: Hands On Plants and Water	18
Inquiry Activity: Research Plants in Extreme Habitats	22

Lesson 2: Plants Depend on Animals

LESSON PLANNING RESOURCES

Building to the Performance Expectations	28A
Lesson at a Glance	28C
Encounter the Phenomenon	28
Inquiry Activity: Hands On Observe Seeds	30
Inquiry Activity: Simulation Traveling Seeds	34
Inquiry Activity: Hands On Flower Investigation	36
Inquiry Activity: Hands On Insect Pollination	41

STEM Module Project Planning	47
Engineering Challenge Design a Pollinator	47
STEM Module Project	50
Module Wrap-Up	53

Module: Living Things in Habitats

MODULE PLANNING RESOURCES

Three-Dimensional Learning	54A
Performance Expectations	54B
Disciplinary Core Idea Progressions	54C
Three-Dimensions at a Glance	54D
Module Planner	54E
Inquiry Activity Planner	54G
Inspire All Students	54I
Encounter the Phenomenon	54
STEM Module Project Launch	56

Lesson 1: Local Habitats

LESSON PLANNING RESOURCES

Building to the Performance Expectations	58A
Lesson at a Glance	58C
Encounter the Phenomenon	58
Inquiry Activity: Hands On Habitats Near Me	60
Inquiry Activity: Research Living Things in My Habitat	66

Lesson 2: Land Habitats

LESSON PLANNING RESOURCES

Building to the Performance Expectations	74A
Lesson at a Glance	74C
Encounter the Phenomenon	74
Inquiry Activity: Hands On Pill Bug Habitat	76
Inquiry Activity: Simulation Desert Habitats	82

Table of Contents

Lesson 3: Water Habitats

LESSON PLANNING RESOURCES

Building to the Performance Expectations	92A
Lesson at a Glance	92C
Encounter the Phenomenon	92
Inquiry Activity: Simulation Living Things in Coral Reefs: Part 1	94
Inquiry Activity: Hands On Plants in Water Habitats	102
Inquiry Activity: Simulation Living Things in Coral Reefs: Part 2	106
STEM Module Project Planning	113
Science Challenge Make a Model of a Habitat	113
STEM Module Project	116
Module Wrap-Up	119
