Wonders Back to School
Supports & Resources for Remote and Hybrid Learning

We are beginning a phased rollout of Back to School resources in August and will continue to add resources throughout Fall 2020 to support instruction for the 2020-21 school year. These resources will be provided for *Wonders* and *Maravillas* ©2020, ©2017, and ©2014.

To help educators users access these resources in one place, quickly and easily, we've created a new Back to School Support section under the Resource Library. Once you select your grade level TE from the bookbag page, go to **Resources > Resource Library > Back to School Support**.

The exact resources will vary by grade level, but here's what you'll find in your *Wonders* Back to School resource section:

Please check the links at the end of this document for upcoming remote learning sessions!

** Asterisks indicate that an asset is currently available in *Wonders* ©2020, ©2017 and ©2014. *Maravillas* updates will be completed soon.

Back to School Support for Families
- ****Remote Learning Family Letter (PDF):** Helps families support students during the transition to online/hybrid learning. Available in our eight School to Home languages: Spanish, Vietnamese, Tagalog, Chinese (Cantonese and Mandarin), Arabic, Urdu, Hmong, and Korean.
- ****Digital Scavenger Hunt (PDF)**: Help students (and families) get to know the student digital workspace in a fun way.
- ****Introducing Families to *Wonders***: Templates for letters and PPTs that provide a program overview and help welcome students and their families to *Wonders.*
- ****Link to MH System requirements:** Ensure technology at home (or wherever students are learning) is ready to support *Wonders.*

Back to School Support for Teachers
- ***Wonders 2020 Selection Tests**: The selection tests have been converted to assignable resource to assist with remote learning.
- ****Back to School Assessment Guide**: This PDF supports the new Universal Screener and Placement and Diagnostic online resources available in the Assessment Center.
- ****Priority Standards & Lesson Plan Guidance**: These grade-level specific documents provide a *Wonders* scope and sequence aligned to the Priority Instructional Standards, along with guidance and adjusted pacing for both 5-day (Wonders 2017 and 2020) and 10-day (Wonders 2020) models.
- ****Talk About It Printable (How to Use Your Classroom Message Board)**: A PDF guide to using *Wonders* integrated classroom message board to improve communication in a hybrid/remote classroom. We want to highlight this feature since many teachers don't know they have it!
- ****Research and Inquiry Printable (How to Use Your Collaboration Tool)**: Guidance for using a "hidden gem" in *Wonders;* a tool that can support effective, secure, remote classroom collaboration between students.
- ****Quick Tips Videos**: Our fantastic curriculum specialists provide tips, tricks, and support for using *Wonders* in a remote classroom environment.

- ****Wonders **PD Supports**: We've curated content from our existing Professional Development resources to focus on what might help teachers most during this Back to School time, including "Start Strong in the Remote School Year", a guide to instructional shifts to support distance learning.
- **NEW**: "What's New for Back to School?" videos: Grade-level specific content from Brandon Harvey, talking through the new resources and how to use them.
- **COMING SOON**: Culturally Responsive Lessons: Each grade will include unique lessons that frame *Wonders* within a culturally responsive framework. We are aiming to being delivery of lessons in early October.

**Assessments
- ****Benchmark Assessments:** From the prior grade. Use these to help identify any gaps in student learning.
- ****Progress Monitoring Assessments:** From the prior grade. Use these to help identify gaps in student learning.
- ****Unit Assessments:** From the prior grade. Use these to help identify gaps in student learning.

**Decodable Readers
- Grades 1-3 have access to decodable readers from the prior grade level to provide students with extra reading practice and support in getting to grade level content.
- Grade K have access to the Little Readers from *World of Wonders* PreK.

**Leveled Readers: Apprentice (Tier 2)
- Grades 2-6 have digital access to the Apprentice leveled readers (one level below Approaching), previously only available in *WonderWorks*. This is another scaffolded support for students who may benefit from Tier 2 instruction or resources, while still maintaining access to the same grade level core content.

Social Emotional Learning
- ****SEL Guidance from Character Lab** (at Grades 2-6). Get to know our new friends at Character Lab! You'll find these new supports under **Resources > Resource Library > Back to School Support Resources > Social Emotional Learning**
- **COMING SOON**: Exciting new collaboration with Sesame Workshop (at Grades K-1)

**Assessment Updates: These new supports are now available in the Online Assessment Center (OAC) in *Wonders* ©*2017* and ©*2020, and Maravillas* ©2020. These assessments will not be listed under the Resources section since they are part of the OAC:

- ****Online Options for Placement and Diagnostic Assessments**. The reading comprehension passages/items and the IDS-E and IDS-P spelling assessments from the Placement and Diagnostic Assessment (PDA) are available digitally in your Online Assessment Center. The other PDAs will remain print only.

- ****Universal Screening Assessment**: This new online universal screener helps identify students who are on track for grade-level instruction, who could profit from scaffolded instruction, and who may benefit from foundational skills support/Tier 2 intervention. This brief screening tool (12 to 22 items, depending on grade level) is available online in Grades K-5. Each assessment focuses on reading skills from the grade level. Audio support accompanies items in K, 1, and 2.
