REDBIRD SYSTEM RECOMMENDATIONS

Redbird Mathematics operates on industry standard technologies supported by modern browsers including those available on the solutions offered by major manufactures. The latest versions of Safari, Chrome, Firefox , and Microsoft Edge operating on Mac, PC, iOS, Android, and Chrome OS. These devices support the capabilities that we depend on to deliver our exceptional educational experience. While other platforms may offer the necessary capabilities and customers may experience no issues with their use, we cannot fully validate our solutions against all combinations of hardware and software. We are happy to work with customers in advance to ensure their selected environments provide the necessary capabilities.

Recommended Devices	Recommended Operating Systems	Recommended Web Browsers
Apple/Mac	macOS 12.0 Monterey	Chrome 97
iPads	iOS 15.0	Safari 15.0
Windows PC's	Windows 10 or 11	Firefox 91
Android Tablets	Android 11	Edge 97
Chromebooks	Chrome OS 97	

A minimum screen resolution of 1024 x 768 and sound output support are required. The latest versions of MacOS (12.0), iOS (15.0), Android (11), ChromeOS (97) and Windows (10/11) have been validated and present no compatibility issues. Certain mobile devices may present unique usability challenges. While other platforms may function acceptably, McGraw-Hill Education cannot provide technical support for customers electing other technology platforms.

If you have additional questions please feel free to contact the Implementation Specialist that is assigned to your school or you may call our customer support line at 800-437-3715.
