

StudySync® Grades 6–12: All Green Ratings from EdReports

EdReports, a widely respected, independent, K–12 curriculum review organization, has evaluated *StudySync* ©2021 and rated it highly with all green ratings across all three gateways: Text Quality and Complexity, Building Knowledge, and Usability. *StudySync* was also awarded 32 out of 32 points from EdReports for Building Knowledge across all grades. EdReports’ rigorous review, conducted by classroom educators and district leaders, provides districts with valuable data to assist their product selection process as they seek to find high-quality instructional materials, such as *StudySync* ©2021.

StudySync ©2021 applies the same strong instructional principles that EdReports identified in their review of the of the program’s previous version. In addition, this updated ELA curriculum solution includes new, engaging texts that reflect the diversity of students and their communities. With a wider range of print options, it can be used in any classroom environment. Improvements to student data tracking embedded in *StudySync* Assess allow teachers to follow student progress in every ELA standard and skill.
