

An Interconnected, Global Perspective of the World Ocean

Marine Science is a beloved text highly regarded for its interdisciplinary focus, inclusion of oceanography and biology, stunning design, and data analysis labs. This book combines the authors' decades of experience in the field and classroom, and up-to-date data, with a unique new design specifically for high school students and teachers.

Dive into the world of *Marine Science*

- The third edition enhances the text's accessibility with a fresh, student-friendly presentation; dynamic artwork; and a wide array of eye-catching images.
- An increased focus on careers gives students insight into the field of marine science.
- Engaging videos and interactivities bring the content to life as students explore the world ocean.
- A full array of resources includes a Teacher Manual, a Lab Manual aligned to the student text, and adaptive digital tools.

Best-in-Class Digital Resources

Marine Science delivers meaningful experiences, purposeful lessons, and personalized support with media-rich tools, including:

- An interactive eBook with videos and activities.
- An adaptive SmartBook® that provides personalized instruction, remediation, and practice.
- A Lab Manual in both print and eBook formats that drives hands-on inquiry.
- Interactivities, resources, and assessments for each chapter.
- A wealth of customizable teacher resources.

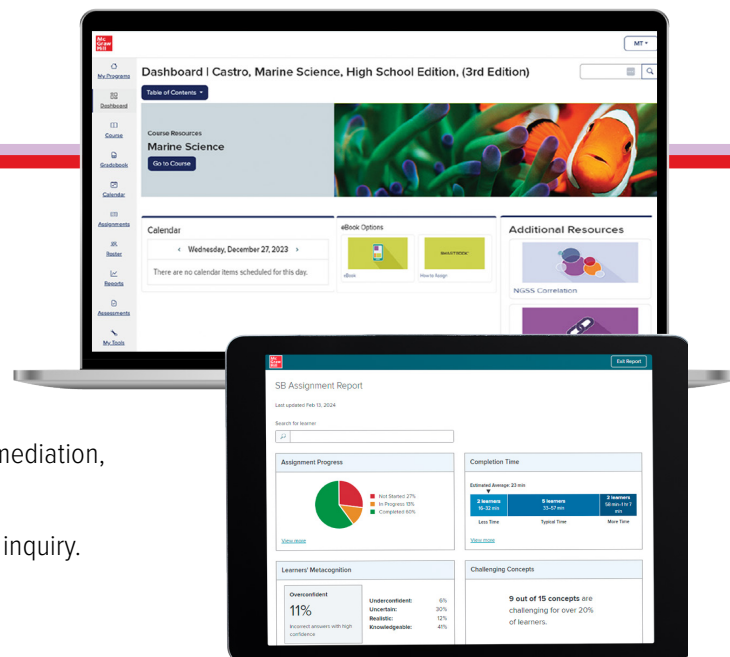

Table of Contents

Unit 1: The Ocean Environment

- Chapter 1: Principles of Marine Science
- Chapter 2: Plate Tectonics and the Structure of Ocean Basins
- Chapter 3: Ocean Chemistry and Structure
- Chapter 4: Waves and Tides
- Chapter 5: Ocean and Atmospheric Circulation

Unit 2: The Organisms of the Sea

- Chapter 6: Fundamentals of Biology
- Chapter 7: The Microbial World
- Chapter 8: Multicellular Primary Producers: Seaweeds and Plants
- Chapter 9: Marine Animals Without a Backbone
- Chapter 10: Marine Fishes
- Chapter 11: Marine Reptiles, Birds, and Mammals

Unit 3: Structure and Function of Marine Ecosystems

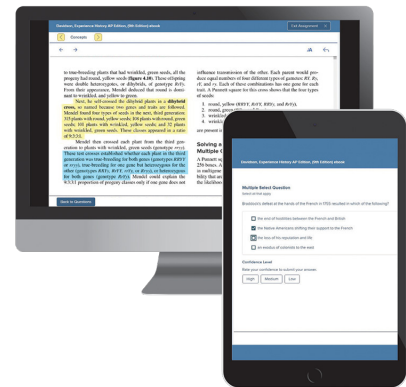

- Chapter 12: An Introduction to Marine Ecology
- Chapter 13: Between the Tides
- Chapter 14: Estuaries: Where Rivers Meet the Sea
- Chapter 15: Life on the Continental Shelf
- Chapter 16: Coral Reefs
- Chapter 17: Life Near the Surface
- Chapter 18: The Ocean Depths

Unit 4: Humans and the Sea

- Chapter 19: Resources from the Sea
- Chapter 20: The Impact of Humans on the Marine Environment

More Personalized. More Productive. More Prepared.

SmartBook[®] delivers personalized, adaptive learning tailored to each student's individual needs by pinpointing knowledge gaps and focusing instruction on the concepts that require additional study. Teachers can assign a specific chapter, topic, or concept and access advanced reporting features that track individual and class progress with actionable insights to inform in-class instruction.
