

McGRAW-HILL

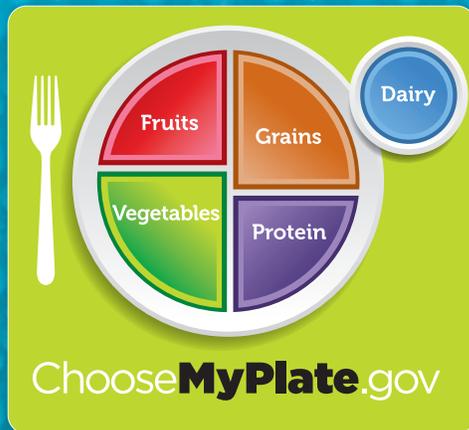

# GlencoeHealth

## Flexible access to real time health

Glencoe Health is a comprehensive health program that can be delivered online through *ConnectED*, as well as in traditional print format. The flexible format allows you to engage high school students in an exploration of health and wellness, wherever you are on the digital path. Real-world application of health skills provides students with the understanding they need to create an individualized plan for a healthy life.

The new *Glencoe Health* program builds your classroom the way you want it, whether it's through a completely digital curriculum, print materials, or a combination of both.

### Interactive, Positive, Inclusive

- Incorporates real-world news affecting students' lives
- Offers access to multiple resources
- Provides easy navigation

### Engages Students

- Updates online health content seamlessly and quickly
- Includes videos, interactive art, and writable worksheets
- Provides project-based learning
- Offers links to free resources to complete technology-based assignments

### Fitness Beyond the Classroom

- Focuses students on the benefits of physical activity
- Provides individualized physical activity tools
- Can be integrated into a PE class

### Comprehensive Teacher Resources

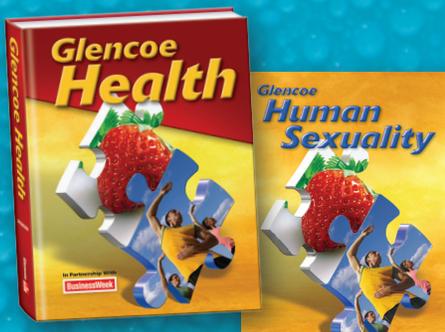

- Offers links to free resources to complete technology-based assignments
- Engage students with technology-based projects
- Access class lists and assignments quickly and easily
- Toggle between student and teacher view
- Develop online quizzes and assessments

### Ability Leveling

- Coded activities for all levels of learners (AL, OL, BL, and ELL coding follows each activity)

### Manage Multiple Classes

- Send messages to an entire class, a group of students, or a single student
- Add individually created lesson plans and other content
- Assign and review project work online

**Choose the right tools, resources, and educational materials for your high school health program!**
