

## Reading Mastery Plus, Level 5

### Instructions for Part 1

Use the following procedures to administer part 1.

1. (Give the student a blank copy of the Level 5 placement test. Use the student's copy to mark errors that the student makes. The simplest procedure is to give the student your copy of the placement test. Mark errors on the student's copy.)
2. (Point to the passage and say:) *You're going to read this passage aloud. I want you to read it as well as you can. Don't try to read it so fast that you make mistakes, but don't read it so slowly that it doesn't make any sense. You have two minutes to read the passage. Go.*
3. (Time the student and make one tally mark for each error.)
4. (After two minutes, stop the student. Count every word not read as an error.)
5. (Total the student's errors.)

### Instructions for Part 2

After all the students have finished part 1, administer part 2 to the entire group. Use the following procedure.

3. (Say:) *Here is the passage that you read earlier. Read the passage again silently; then answer the questions in part 2. You have seven minutes. Go.*

# Placement Test

## PART 1

### *An Underwater World*

The diving boat was anchored in a place where the water changed from light green to dark, dark blue. One by one, the divers went down the ladder on the side of the boat and entered the warm water. The boat was about 1,600 kilometers east of Florida. They were south of the Bermuda Islands. Darla was the last diver to go down the ladder and enter the warm water.

"Now stick together," the guide said as he floated with his mask tilted back on his forehead. "You've got your partners. Stay with your partner. If you see something you want to look at, signal me. If one person stops, we all stop or somebody's going to get lost."

The guide continued, "If you get separated, go to the surface of the water. Don't try to look for the rest of us. Just go to the surface. And remember, don't go up too fast. Take at least two minutes to go up, or you may get the bends."

The bends. Darla had read about the bends. She knew that a person gets them because of the great pressure of the water.
