Bugs in Groups

Name:

What happens when the bugs try to make groups with no bugs left out?

EXPLORE

Use the table on the next page to record the ways you group the bugs.

1. Open **Bugs in Groups.gsp.** Go to page "24 Bugs."

2. What group sizes leave no bugs out of full groups?

   _____

3. Go to page "11 Bugs."

4. What group sizes leave no bugs out of full groups?

   _____

EXPLORE MORE

5. Go to page "Explore More." Make the number of bugs any number less than 101.
   Think of a question to explore. Write it here.

   _____
   _____

   Explore your question. Write about what you find out.
