### Components

**Student Edition:** Trusted authorship communicates the theory and application of sociology principles in understandable, age-appropriate language. The student edition is built around the educational philosophy of Understanding by Design® and Essential Questions.

**Student Learning Center:** The Student Learning Center is the gateway for students to plan, study, get assignments, save work, watch videos and engage in class discussions. The Student Learning Center is a whole new level of interactivity for student engagement.

**Teacher Edition:** The new edition is a clear pathway through the content that optimizes class time and minimizes preparation time with the lesson plans, activities, and assessment based on the research of Jay McTighe, co-author of Understanding by Design®. The print and digital components are clearly integrated at point of use. Differentiation is integrated into the lesson plans.

**Teacher Lesson Center:** Everything you expect in one place—a one-stop teacher center that has everything you need for planning, teaching, presenting and assessing in a ready-to-go format or completely customizable. The **Networks Resource Library** built into the Teacher Lesson Center includes hundreds of searchable additional online resources that teachers can add to their lesson plans or activate for student assignments.

**Chapter Tests and Lesson Quizzes:** Printed booklet for the Chapter Tests (Form A and Form B) and Lesson Quizzes include all the editable tests available in McGraw-Hill eAssessment online. Use the printed format to preview online test questions or print for paper and pencil tests. Chapter tests include traditional and document-based question tests.
