

# WEEKDAY WORKOUTS

## 126 DAY ONE

Read each weather word. Draw a picture of each word.

storm

snow

wind

--	--	--

## 127 DAY TWO

Put these words in ABC order.

sun

cloud

sand

rain

snow

Make a picture with four of those things.

Which word does not belong with the others?

## 128 DAY THREE

Use the words in the box to finish the sentences.

water      melt      ice

Water turns to \_\_\_\_\_ when the weather is very cold.

Ice will \_\_\_\_\_ when the weather is warm.

Rain comes from clouds. Clouds are made of \_\_\_\_\_.

# WEEK 26

## DAY ONE ANSWERS

Accept drawings that accurately represent each weather word.

Encourage children to show details of a landscape in each picture. Wind can be represented by objects blowing across the scene.

## DAY TWO ANSWERS

cloud, rain, sand, snow, sun

Accept pictures that depict four of the words.

Answers may vary. Sand may not belong because the other words relate to weather and the sky. Snow may not belong because it is the only thing that wouldn't appear simultaneously with the others. The sun may not belong because it is the only thing that couldn't be wet.

## DAY THREE ANSWERS

ice, melt, water

Review the water cycle and the importance of reducing water usage to help keep the water supply clean.

# WEEK 26

## DAY FOUR ANSWERS

winter, fall, summer, spring

Talk about other events and activities that can occur in each season. Animals may hibernate or migrate in the winter, for example.

# WEEKDAY WORKOUTS

## 129 DAY FOUR

Look at each picture. What season is it? Write **summer**, **fall**, **winter**, or **spring** below each picture.
